

SUNY MARITIME COLLEGE

ANNUAL SECURITY REPORT

Colleges and universities that participate in federal student financial aid programs must publish an Annual Security Report each year on October 1st. The Annual Security Report documents three calendar years of campus crime and fire statistics that occurred on-campus, in off-campus buildings or properties owned or controlled by SUNY Maritime College, and on public property within or immediately adjacent to campus. The Annual Security Report also includes institutional policy statements about campus security; crime prevention and education programs, including those focused on sexual assault awareness; the reporting of crimes; and other safety and security matters.

The Higher Education Opportunity Act of 2008 requires institutions to publish an Annual Fire Safety Report that contains information about fire safety policies and procedures, and statistics for fires occurring in on-campus residential facilities. The College's Annual Fire Safety Report is included in the Annual Security Report.
