ACADEMIC GOOD STANDING

A current student is in Academic Good Standing if not on Restricted Registration status, i.e., a student loses Academic Good Standing if placed on Restricted Registration.

Students on Restricted Registration are not eligible to participate in varsity sport competitions. A student may practice with the team as long as the conditions of Academic Performance Contract are satisfied and the student does not miss class in order to practice. A student may not travel with the team during the school week. Keep in mind that practicing with the team does constitute a year of eligibility even though the student does not play in a contest.

A student not in Academic Good Standing may appeal to the Athletic Academic Advisory Board to have eligibility restored if the student has:

- A cumulative GPA ≥ 2.0,
- one of two most recent semester GPAs ≥ 2.0, and
- already completed a Performance Contract with their major chair

Notes:
1. Appeals for eligibility will only be heard before the first competition of the semester
2. Appeals for eligibility may not be made in two consecutive semesters. That is, a student who appeals to regain eligibility (after having been placed on Restricted Registration) in a given semester may not appeal again in the following semester.

Athletic Academic Advisory Board Membership
- Provost and VP for Academic Affairs
- Associate Provost and Academic Dean
- Faculty Athletic Representative
- Dean of Students
- Associate Dean of Students
- Deputy Commandant of Cadets
- Athletic Director (Chair)
- Assistant Athletic Director
- NCAA Compliance Officer
