

## HSE COORDINATOR - CHERRY HILL, NJ

Our client is looking for a marine Health, Safety, Environmental (HSE) Coordinator with OSHA experience. The HSE Coordinator will assist the HSE Manager in planning, implementing, and maintaining the occupational health, safety, environmental, and training programs to ensure federal, state, and local regulatory compliance. This position will assist in ensuring a safe work environment.

### **Position Overview:**

- Maintain knowledge of OSHA and Workers Compensation guidelines
- Regularly perform internal facility audits for safety, environmental stewardship, and loss control
- Perform vessel compliance inspections with USCG, US Navy, and other government representatives
- Prepare inspection reports for health, safety, and environmental violations
- Communicate and train company personnel on safety and regulatory compliance objectives and procedures
- Participate in OSHA compliance meetings
- Inspect facilities to identify potential health, safety, and environmental hazards
- Investigate and document accidents, injuries, and unsafe workplace conditions and practices
- Participate in evaluating all new environmental and safety related consumable products and materials
- Provide leadership and education for promoting zero-incident safety culture in all operations

### **Background Profile:**

- Degree in health and safety, occupational safety, industrial hygiene or safety-related field
- HSE training and safety experience may be considered in lieu of a degree
- 2+ years of HSE experience in the maritime industry
- Knowledge of OSHA and marine facility safety regulations
- US citizen or Green Card, no VISA sponsorships at this time
