Job Posting

Heavy Equipment Mechanic

Company Overview:
In over ninety years of existence, Weeks Marine, Inc. has grown into one of the leading marine construction, dredging and tunneling organizations in the United States and Canada. Originally founded in 1919 as Weeks Stevedoring, the company has grown to serve markets throughout North America, South America, the Caribbean and the Pacific Rim. Weeks Marine was recently ranked 86th on the "Engineering News-Record" top 400 contractors list.

Division Overview:
Stevedoring – operators of floating cranes, wheel loaders and support equipment in the handling and transportation of dry bulk, marine cargoes

Location:
Jersey City and Port Newark, NJ with some travel on East and Gulf Coasts

Schedule:
Generally days, Monday through Friday with some shift work evenings and weekends

Position Summary:
Heavy equipment mechanic, experienced with hydraulic, mechanical, electrical and pneumatic systems commonly found on heavy equipment.

- Assist port engineers in the maintenance and repairs of Clyde cranes
- Maintenance and repairs on Cat wheel loaders
- Diesel and systems maintenance and troubleshooting on support equipment such as on welders, compressors and generators

Qualifications:
10 years mechanical experience on heavy equipment – preferably cranes, or
Trade school in diesel engines, electrical, hydraulic plus 5 years field experience, or
Military experience in an engineering rating ie EN (engineman), EM (electrician), MM (machinist mate), GSM and GSE (gas turbine mechanical/electrical), MR (machinery repair), CM (construction mechanic). "A" school experience in rating field mandatory, "C" school experience preferred, probably 5-10 years military experience (1st, 2nd, or 3rd class Petty officer), or
US Merchant Marine License or certification, with minimum experience level – 3rd Assistant Engineer, 2 years’ experience in the position
QMED, 3 years’ experience in the position
Designated Duty Engineer – 4,000 HP or greater, 2 years’ experience in the position

Physical Requirements:
Fit to climb, lift and carry as customary with the position
