

MARINE TECHNICIAN - YACHTS - ORIENTAL, NC

Flagship Management is currently looking for a Marine Technician to join a popular boatyard located on the Neuse River in Oriental, N.C. This boatyard offers a variety of maintenance / repair services for boats up to 35 ton, including marine diesel service, electrical, HVAC, welding, hydraulics, rigging, and plumbing. This marine technician will be responsible for independently completing boat service on vessels within the yard with the focus on small marine diesel service.

Requirements:

- min. of 2 year experience troubleshoot / repair / maintenance of high-speed marine diesel engines
- willing to relocate to the Oriental, N.C. area
- able to pass a background check and drug screen
- American citizen or current green card holder

Preferred:

- factory certification or ABYC certification in marine diesel engines. Yanmar and Cummins experience a plus.
- ABYC marine electrical certification
- ABYC marine HVAC certification
- mariner / sailing experience
