

## **Maritime Attorney - Abogado - Abogado - Newark, NJ**

Our client is a leading provider of insurance and claims management services for the marine and transportation industries. This role is a senior level defense and claims management position providing leadership and support on large claims on a regional and global basis.

The ideal candidate will be an insurance professional with a legal background in Admiralty and Commercial law. **Excellent communication skills in English and Portuguese required.**

### **Responsibilities will include:**

- Investigate, assess, negotiate and resolve large claims in coordination with senior management
- Provide guidance to the staff on claims related matters
- Participate in regional and global claims management reviews
- Develop and manage relationships with suppliers to ensure effective management of claims.
- Provide leadership to staff and members on risk mitigation and claims handling matters

### **Desired skills and qualifications:**

- Bachelors degree from a maritime academy preferred
- Juris Doctor – with specialization in Admiralty
- Excellent knowledge of P&I insurance and claims matters
- Experience managing large complex P&I claims or related maritime litigation
- 5-10 years of related industry experience
- Excellent communication skills in **English and Portuguese required.**
- Spanish language skills are a plus
