

## **HBO GO FAQ**

Surprise! You have a SUNY Maritime HBO GO account!

This is huge. You now get your very own HBO GO account and can watch HBO whenever (and wherever) you want on your laptop, phone, iPad, Xbox and other devices – on or off campus. Game of Thrones, Girls, Last Week Tonight with John Oliver, movies, sports and tons more—they're all yours.

The best part? HBO GO is already included with your housing so it's super easy to activate your account:

Go to [www.hbogo.com](http://www.hbogo.com) or download the app  
Scroll down to select "SUNY Maritime" from the 'Sign In' menu  
Follow the login instructions to start watching

1. Do I have HBO GO?

If you live on campus and pay for cable, you do. This applies to almost all of our students that live on campus, our fourth class cadets that cannot have a TV do not pay for cable and therefore will not have access, HBO will not allow access.

2. Do I have to be on the campus network to use it?

For every device but connected devices, a connected device are devices like the Apple TV, PS4, Chromecast, etc., you can use this anywhere. Please note data charges will apply if used off WiFi.

Make sure your devices are up to date, HBO Go must be updated on smartphones and tablets as well. On laptops it may force [cookies](#) to be enabled.

Enjoy!
