SCHOLARSHIP AUCTION*

***RAISE YOUR PADDLE TO SUPPORT STUDENTS!!**

All funds raised during the auction will go directly to fund student scholarships. There are various types of scholarships you can support at different funding levels as described below. Donations of ANY amount are greatly appreciated and can be made by raising your paddle!

- **ESTABLISH AN ENDOWED SCHOLARSHIP - Minimum \$25,000 donation**
Leave a lasting legacy in your company or loved one's name by endowing a scholarship that will be awarded to a student at the college every year for as long as there is a Maritime College.
- **NROTC PREPARATORY SCHOLARSHIP - \$15,000 (increments of \$5,000)**
Fund one year or a partial year for a student to participate in the NROTC Preparatory Program. These students demonstrate exceptional leadership potential and upon their successful completion of this one-year program, the Navy guarantees a full, four-year NROTC scholarship for each.
- **ESTABLISH A ONE-YEAR NAMED SCHOLARSHIP - Increments of \$5,000**
Honor a loved one or recognize your company while supporting the next generation of mariners by establishing a one-year named scholarship.
- **INDIVIDUAL DONATIONS TO ADMIRAL'S DINNER FUND - Donations below \$5,000**
Help us reach 100% participation for the Admiral's Dinner fund by making a donation of at least \$100.

WELCOME

Dear SUNY Maritime College Alumni and Friends,

Welcome to the 2021 Admiral's Dinner of SUNY Maritime College! Thank you for your support of the SUNY Maritime College and for making this premiere fundraising event a huge success.

Your support plays an invaluable role in the education, aspirations and dreams of our students, who would not otherwise be able to attend Maritime College. The lingering effects of the pandemic have had a profound social, emotional and financial impact on this generation of students. Now more than ever, the need is vital and urgent.

Your generosity helps ensure that Maritime College continues to attract high-caliber students, increase enrollment, and provide exceptional academic programs for the next generation of industry professionals. The students who sit among you tonight are not only thriving at Maritime College, but they will become leaders in their careers and our society. Our rigorous, well-rounded education – based on a strong academic and technical foundation, hands-on learning and leadership development – are pillars of the Maritime College experience.

This evening, we honor three extraordinary individuals who have been long-time champions of Maritime College, our students and graduates, and whose successes distinguish them in their industries:

- Captain John J. DeCruz '92, Full Branch Maritime Pilot and President, New York Sandy Hook Pilots Association
- Jim Lawrence, Chairman of Marine Money and Founding Partner, MTI Network
- Greg Tuthill '86, Chief Commercial Officer, SeaCube Container Leasing

The impressive backgrounds of our honorees can be found on pages xx-xx.

Enjoy yourselves tonight! Take a moment to speak with colleagues and friends who share your commitment to Maritime College. Alumni, bask in your accomplishments and give a hearty welcome to the students in attendance who will one day join generations of Maritime College graduates.

Thank you for attending the Admiral's Dinner and for helping us celebrate your investment in our students and the future of SUNY Maritime College.

Warm regards,

Dear Alumni, Friends and Supporters,

On behalf of the SUNY Maritime Foundation, it is our great pleasure to host the 2021 Admiral's Dinner.

After a trying year and a half, we are so pleased to be meeting in person back on campus as well as virtually. We have taken great precautions to keep everyone safe with a new format to allow social distancing, while also providing the opportunity to meet and network.

The Foundation and SUNY Maritime College are proud to be recognizing three outstanding honorees – Captain John DeCruz '92, Full Branch Maritime Pilot and President of NY Sandy Hook Pilots Association; Jim Lawrence, Chairman, Marine Money and Foundation Partner, MTI Network; and Gregory Tuthill '86, Chief Commercial Officer, SeaCube Container Leasing. Each honoree represents the best of the U.S. Maritime industry.

The Admiral's Dinner, being the primary source of funding for student scholarships, impacts the lives of so many students who rely on financial support to attend SUNY Maritime College. Last year, even though it was solely a virtual event, through the generosity of our sponsors and participants, the Dinner raised over \$400,000. This year, we are seeking to exceed that number!!

As one of our scholarship recipients, 1st Class Cadet Celyna Custodio, said in her video, "Without my scholarship, I don't know if I could have gotten this far.... I am SO GRATEFUL to the people who make donations to Maritime. I would not be here if it were not for them!!" Tonight, with your generous donation you can make a BIG difference in some student's life!

The SUNY Maritime Foundation is an IRS-recognized charitable organization established to encourage and manage private donations to support the vision and mission of the College. The volunteer Board of Directors serve as fiduciary agents providing independent stewardship and oversight of all funds raised, while Admiral Alfultis' service as an ex-officio member ensures that the Foundation is fully informed of the school's goals, challenges, needs and opportunities.

It is with great anticipation that the Foundation partners with the College to meet needs of the students, faculty, and industry, and to reinforce Maritime College's place as "First and Foremost."

We thank you for your generosity and hope you enjoy your time with old friends and classmates!

Best regards,

Robert Johnston

MARITIME AT A GLANCE 2021

SUNY Maritime College educates dynamic leaders for the global maritime industry. Offering 11 undergraduate majors, including five ABET-accredited engineering programs and two master's degree programs, a distinctive hands-on approach to education prepares students for career success.

Students can participate in 17 varsity athletic teams and more than 40 clubs and organizations, NROTC and U.S. Coast Guard license programs. The license program prepares students to navigate, power and operate marine vessels. Involvement in the Regiment of Cadets affords a structured learning environment and develops leadership and teamwork skills. Cadets travel around the world on the college's 565-foot TS/Empire State VI.

Programs are also available for current maritime professionals. Programs include license renewal, career education and customized corporate training.
