ACADEMIC POLICIES AND INFORMATION

Please visit <http://www.sunymaritime.edu/academics> for updated academic information.

Academic Advising

New students are assigned a Freshman Advisor, through their LEAD 101 class, upon entering Maritime College. At the beginning of the sophomore year, students are assigned a faculty advisor from their major department. (Note: transfer students typically are advised by Academic Services upon entering Maritime College.) Advisors assist students in exploring academic and professional opportunities offered at Maritime and guide students in making appropriate decisions about their area of study and semester schedules. Students should see their advisor to:

- address any problems which affect academic performance
- select courses for the upcoming semester
- discuss academic performance
- explore academic or professional concerns
- discuss departmental requirements and course sequences
- discuss elective coursework in the major and other departments.

Academic Distress and Sanctions Policy

Undergraduates -At the end of each Fall or Spring semester, undergraduate students with a GPA below the required graduation GPA (2.0) are reviewed for academic progress. Students with a cumulative GPA below 2.0 shall be considered “not in good academic standing.” Students under this designation are ineligible to participate in intercollegiate athletics or club sports.

Students with a term GPA (Fall or Spring semester) below 2.0 shall be placed on “Academic Probation.” This sanction is noted on the transcript. Students on academic probation are required to meet with their academic advisor to choose appropriate courses in which to enroll. Academic Probation status cannot be appealed. Students who are placed on Academic Probation while “not in good standing” will be limited to 15 credits in the next semester and shall be encouraged to retake courses in which they earned a grade of D, F, or W.

Any of the following conditions shall make students subject to Academic Disenrollment:

- A cumulative GPA below 1.500 after two semesters at Maritime College.
- Placement on Academic Probation for a third consecutive term at Maritime College.
- Placement on Academic Probation for a fourth time during the student’s career at Maritime College.

Students meeting any of these conditions are reviewed by the Academic Board, which will either uphold the disenrollment or permit the student to remain on Academic Probation.

Students may appeal Academic Disenrollment to the chair of their academic department. A student who wants to change major should appeal to the chair of the program they wish to enter.

Graduate Students -At the end of each Fall or Spring semester, graduate students with a semester and/or cumulative GPA below the required graduation GPA (3.0) are presented to the Academic Board for consideration and may be disenrolled for at least one year.

Academic Honors

SUNY Maritime maintains several programs to honor students who have earned distinction in the area of academic excellence. A minimum of 14 credits must be carried during the semester for such recognition.

Admiral’s List – Students with a semester average above 3.495 or higher are eligible for Admiral’s List.

Dean’s List – Student with a semester average of 2.995 - 3.494 are eligible for Dean’s List.

Academic Integrity

In keeping with the spirit and mission of the Maritime College, academic integrity and honesty are expected of all students. Breaches of academic integrity will not be tolerated. This includes but is not limited to, cheating, plagiarism, and receiving unauthorized assistance on assignments. Please refer to the Code of Conduct for the complete Academic Integrity Policy.

Accommodation Services

Accommodation Services helps students who need accessibility modifications to succeed in their studies. Accommodations are designed to ensure all students have equal access to instruction, understanding and testing. All information is kept confidential unless the student requests otherwise. Students can read more about Accommodation Services with the *Academic Policies and Information* section.

Maritime College values access, inclusion and works to ensure full participation. Students with a documented disability seeking to utilize services must self-disclose to Academic Services. All accommodations are assessed and provided on an individual basis and must be grounded in documentation submitted by or on behalf of the student. While students can request a particular type of accommodation SUNY Maritime College determines and develop plans for reasonable accommodations such as academic adjustments, auxiliary aids, and/or services as mandated under Title II of the Americans with Disabilities Act, Amendments Act (ADAAA) of 2008 and Section 504 of the Rehabilitation Act of 1973. Alternative accommodations may be offered above those requested by the student. Accommodations may be denied if the request is not reasonably grounded in documentation or the resulting accommodation has the effect of lowering academic standards of a course of program or presents an undue financial or administrative burden to the College. All student disability information is confidential.

Students must register and meet (if needed) with Accommodations Services in each semester they wish to receive services. Once approved for accommodations, the student is responsible for working with Accommodations Services on informing professors for the courses in which they desire to receive accommodations. Students who do not register with Accommodations Services in a given semester will not be entitled to accommodations for that term, even if they had registered previously. Accommodations related to a disability cannot be implemented or considered retroactively.

No accommodations will be made for practical assessments outlined in the STCW guidelines. There are some courses which have Standards of Training, Certifications and Watch-standing for Seafarers, 1978, as amended (STCW) components which measure safety and involve the demonstration of various competencies through practical assessments. Special accommodations are not allowed during these safety related practical assessments, as safety at sea is an important tenet of the merchant marine professional and to the maritime transportation industry. Any student who is seeking special accommodations and plans to enroll in a degree program which requires the passing of the United States Coast Guard license examination should know that at this time there are NO special accommodations provided when taking the U.S. Coast Guard exam. All students pursuing a U.S. Coast Guard license are also required to take course(s) commonly referred to as "seminar." The seminar course(s) are designed to reflect the testing conditions of the U.S. Coast Guard license examination. All students participating in Summer Sea Term, (SST) should know that SST is considered a training laboratory, and special accommodations are not provided when safety and required practical assessments are being evaluated at sea. Accommodations may be granted for academic work only.

Service animal is defined by the Americans with Disabilities Act, as amended (ADA), as any guide dog, signal dog, or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to: guiding individuals with impaired vision; alerting individuals with impaired hearing to intruders or sounds; providing minimal protection or rescue work; pulling a wheelchair; or fetching dropped items. (28 Code of Federal Regulations (CFR) Part 36, Subpart A—General, 36.104 Definitions). Student requests for disability accommodations, including requests to have a service animal accompany a student on campus, in classrooms and in SUNY Maritime’s housing facilities, are determined by the Dean of Students and/or the Office of Accommodations. A service animal may be removed from a Maritime facility or program if the animal’s behavior or presence poses a direct threat to the health or safety of others. For example, a service animal that displays vicious behavior towards people may be excluded. Excessive barking in a classroom or during a program is an example of disruption. Service animals may also be excluded in areas where the presence of a service animal fundamentally alters the nature of a program or activity or is disruptive. Examples may include, but are not limited to: research labs, areas requiring protective clothing, food preparation areas, and animal research labs.

Leash: Dogs must be always on a leash, unless impracticable or unfeasible due to owner/keeper’s disability.

Under Control: The owner/keeper of a service animal must be always in full control of the animal. The care and supervision of a service animal is solely the responsibility of owner/keeper.

Cleanup Rule: The owner/keeper of a service animal must ensure cleaning up of any Maritime property the animal might soil.

Health: Animals to be housed in Residential Life must have an annual clean bill of health from a licensed veterinarian submitted to the Dean of Students and/or Office of Accommodation Services.

Accessing your Student Records

Students can access their own record, at any time, even if the Registrar’s Office is closed by utilizing the Maritime College website at www.sunymaritime.edu. Current Students: Maritime Self Service. Your ID and PIN are required to access your record, including your schedule, grades, registration, bill and more.

Accreditations

Please visit our website/college catalog for all our accreditation information.

Administrative Disenrollment

Administrative Disenrollment refers to a student who ceases to attend school for a semester without having officially withdrawn or filed for a Leave of Absence. Notation of Administrative Disenrollment will appear on the student’s transcript. Students who wish to return after being Administratively Disenrolled will need to apply for readmission. For information on the procedure for Readmission, please refer to the section entitled “*Readmission after a Withdrawal/Academic Disenrollment/Administrative Disenrollment*” for further information.

Bereavement Policy

Maritime College recognizes the effects that a death can have on a student’s sense of well-being and academic work. We encourage grieving students to reach out to Maritime’s mental health counselor (all visits are confidential and free) or to our Director of Campus Ministries for spiritual guidance. In the event that a student experiences the death of an immediate family member or relative as defined below, the student will be excused from class for funeral leave, subsequent bereavement, and/or travel considerations. The student will provide appropriate documentation and arrange to complete missed classroom work as soon as possible according to the process outlined below.

For STCW courses, the student must work with their instructors to make up the actual class time and assignments as these courses have a strict attendance requirement to meet US Coast Guard certification requirements. Additional leave may be granted based on a recommendation by the mental health college counselor or the need for international travel. The student may wish to consider withdrawing from or requesting an incomplete grade in all or some of their courses.

Immediate Family and Relatives:

Students shall be eligible for up to three (3) consecutive days (not including weekends or holidays) of excused absence in the event of a death of a spouse, domestic partner, parent, child, grandparents, grandchild or sibling, uncle, aunt, niece, nephew, first cousin, in-law, or step relative.

Travel Considerations:

If travel is required, students will be granted the following additional days of excused absences to account for travel considerations:

- Verified funeral services within 150 miles of SUNY Maritime: 0 days
- Verified funeral services between 150-300 miles from SUNY Maritime: 1 day
- Verified funeral services over 300 miles from SUNY Maritime: 2 days

Process:

If a student will be absent because of a death, the student is responsible for notifying and providing verifiable documentation (e.g., note from funeral director or obituary) to the Dean of Students' office. The Dean of Students, or their designee, will communicate with the student's professors, coaches, Regimental Officers and/or ROTC staff (as needed) about the absence and the reason for the absence.

Change of Status (Regiment to Civilian/Civilian to Regiment)

If you wish to change your student status (Regiment to Civilian or Civilian to Regiment) you must file a "*Change of Status Form*" before you are authorized to switch programs with the Registrar's Office. A determination is made by the intended office (Dean of Students and/or Regiment) to approve or not approve the transfer. Until you receive approval from the intended program, do not assume that the status change has been approved.

When a student changes status, other programs (e.g., degree requirements, scholarship, housing) may be subject to change. It is the student's responsibility to consult with their academic advisor and associated units to understand the impact, if any, on these programs.

Concussion Policy

A structured concussion policy has been implemented and will be followed, according to the NCAA Position Statement Guidelines issued in April of 2010, to assure that the best possible care is taken of the student-athletes. The policy can be found in its entirety online. At the time of injury on campus or at a SUNY Maritime College athletic event: If the student is an athlete, a clinical evaluation and symptom checklist is administered by an Athletic Trainer - Certified (ATC). Once a concussion is diagnosed, the athlete is referred to Health Services.

If the student is a non-athlete, the student is immediately referred to Health Services.

- No student suspected of having a concussion is permitted to return to class the same day.
- No student with a concussion is permitted to return to class(es) or Regimental duties (i.e., ship work, formation) for at least 24 hours.
- If student is symptom free for 24 hours they may return to classes and/or Regimental duties the following day with academic accommodations (i.e. exam date change) IF deemed NECESSARY by MD/Physician's Assistant – Certified.

No student-athlete can return to full activity or competitions until they are asymptomatic in limited, controlled, and full-contact activities, and cleared by the team physician and/or Athletic Trainer. No student non-athlete can return to full activity until they are asymptomatic and cleared by Health Services.

Minimum time periods for return to play, classes and/or Regimental duties as mentioned above maybe longer depending on initial presentation and subsequent course. A planned time period for **return to classes** should be discussed between MD/PA-C and ATC after each evaluation.

If the concussion happens off campus, at a non-SUNY Maritime College event:

The student-athlete/non-athlete must submit appropriate documentation to Health Services upon returning to campus.

Credit Course Load

Undergraduate students

The maximum number of credits an undergraduate can take in a Fall or Spring semester is 22 credits, and 8 credits in any Summer Session. Students who wish to take more credits must obtain permission on a Credit Overload form. Additional approvals and signatures are required.

For Fall – Spring Semesters

More than 22 credits require approval from the Chairperson of the Department

25 credits and beyond require the additional approval of the Provost.

For any Summer Session

More than 8 credits require the Chairperson of the Department

Graduate Students

The maximum number of credits a graduate student can take is 13 credits.

Additional approval and signature required for students taking 13 or more credits from the Chairperson of the Department.

Declaring a Major

Undergraduates at SUNY Maritime College are required to declare their major by the completion of their 64th credit toward the degree (including all transfer credits from previous institutions). Students with more than 64 credits may request a one semester waiting period within the *Undeclared* category. The student must declare a program of study after the one semester period in Undeclared. If the student is not accepted into the program of choice, the student is subject to disenrollment by the Academic Board. Students changing or declaring a major are required to follow the curriculum at the time of acceptance and must meet the academic criteria for graduation within that program.

Drop/Add a Course

Adding or dropping a course can be processed online. Certain registration activity (lack of prerequisite, closed course, etc.) will require special overrides. In these cases, the Drop/Add procedure will require approval of Instructor, Chairperson and/or Provost. In most cases, a Drop/Add requiring a special override must be processed in person at the Registrar's Office with accompanying forms. Deadlines are published and communicated via email.

Withdrawing from a course can affect your eligibility for financial aid in future terms. It is recommended that you speak to Financial Aid before withdrawing from a course.

Withdrawing from courses after the Drop/Add period will result in W grade on record and require the student to obtain the instructor's signature on the Drop/Add form. This form then must be processed at the Registrar's Office. Request to withdraw from a course after the withdrawal period will require special approval and will result in a WF grade on record. Registration dates and deadlines specific to adding, dropping and/or withdrawing from courses are posted on the Academic Calendar.

FERPA

The Family Educational Rights & Privacy Act (FERPA), also known as the Buckley Amendment, grants certain rights, privileges and protection related to students' educational records maintained by the college. Students' educational records maintained by the college will NOT be released to third parties (including parents) outside of the College, except with written consent of the student. FERPA rights began when the student is accepted, even if they are a minor. For more information on FERPA, and Maritime College specific policies on student records, please contact the Registrar. Additionally, the College and its faculty/staff will not discuss matters related to a student with a third party without the prior authorization and consent of the student. The Family Educational Rights and Privacy Act (FERPA) afford students certain rights with respect to their education records. These rights are:

A. The right to inspect and review

This gives the right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, or head of the academic department (or appropriate official) written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

B. The right to request amendment

This gives the right to request an amendment of the student's education records that the student believes is accurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

C. The right to consent to disclosures

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the University in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or assisting another school official in performing his or her tasks or employed by the University's System Administration. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll. (NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request). Information concerning a student shall be released without consent in order to comply with a judicial order or lawfully issued subpoena. Effort will be made to give advance notice to the student of such an order before compliance by the University.

D. The right to file a complaint

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA can be sent to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

Maritime College may disclose appropriately designated "directory information" without written consent unless you have advised the College to the contrary in accordance with College procedures. The primary purpose of directory information is to allow Maritime College to include this type of information from your education records in certain publications. Examples include:

- A playbill, showing role in a drama production
- The annual yearbook

- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. If you do not want Maritime College to disclose directory information from your education records without your prior written consent, you must notify the College in writing. Maritime College has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Address and Telephone listing
- Weight and height of members of athletic teams
- Electronic mail address
- Photograph
- News Releases
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Enrollment status (half-/full-time)
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

Good Academic Standing

Undergraduate students with a cumulative GPA of 2.0+ (3.0 for graduate students) are considered in good academic standing. Students under this designation may be ineligible to participate in intercollegiate athletics, club sports or the student worker program.

Grade Appeal

The purpose of grading is to communicate the instructor's evaluation of student performance in terms of learning outcomes and standards of achievement. The assignment of grades based on the evaluation of student work is at the heart of the institution's academic standards and integrity. A student may appeal a grade assigned by a faculty member if the student believes that the grade is incorrect, unfair or arbitrary. Grade appeals must be initiated by the student within one academic year from when the grade was issued.

Examples of acceptable reasons for a grade appeal include:

- Demonstrable calculation, editing, or factual error in determination of the grade;
- Omission of assignments or parts of assignments in calculation of the grade;
- Grade demonstrably based on impermissible factors such as discrimination, bias, retaliation or retribution.

To appeal a grade, the student should first speak with the instructor of the course in question. If the instructor denies the appeal or is not available, the student may appeal to the Chair of the Department offering the course. If there is still no resolution, the student may appeal to the Dean of the School. If further mediation is required, the student may appeal then to the Provost.

The Provost may uphold the previous decision; the appeal process is then finished. Alternatively, the Provost may appoint a panel to review the documentation/materials. The Panel is comprised of two to three professors, deemed appropriate and impartial by the Provost, and forwards its recommendation to the Provost who may or may not then uphold the Panel's findings. The appeal process ends here.

Graduation Requirements

In order to participate in commencement exercises students must satisfy all Academic, Financial and Regimental (where applicable) requirements for their degree prior to commencement. Students who do not successfully complete all degree requirements, clear all financial or Regimental obligations (where applicable) are ineligible to participate in commencement exercises. To earn an undergraduate degree in all majors, a cumulative GPA rounding to at least 2.00 (i.e., $GPA \geq 1.995$ on transcript) is required at the time of graduation. To earn a graduate degree in all majors, a cumulative GPA rounding to at least 3.00 (i.e., $GPA \geq 2.995$ on transcript) is required at the time of graduation.

For students in license degree programs, degree requirements include the passing of all 7 modules for 3rd Mate, or 8 modules for the 3rd Assistant Engineer of the USCG license exam. Additionally, all sea time requirements must be met. Students will not be eligible to participate in commencement without having passed all seven modules of the USCG license exam.

Additionally, License/STCW course certificates will not be issued to any student unless he/she successfully completes the USCG/MARAD approved (46 CFR 310) program. For students in the 2-year license degree programs, course certificates will only be issued when students successfully complete the USCG-approved Deck or Engine license program.

To assist you, your faculty advisor will provide a check sheet specifying Maritime College's requirements for your major. You are urged to meet with your advisor to review your check sheet every semester. It is your responsibility to ensure that all requirements for graduation are fulfilled by all deadlines. As with all goals, a carefully laid out plan is the best way to reach your destination.

Leave of Absence

A *Leave of Absence* is permission to be away from the college temporarily, for medical, financial, military, or personal reasons, including study at another educational institution. Students must file a *Leave of Absence* form with the Office of the Registrar. Students may be on leave for up to two consecutive semesters. Students planning to take courses at another institution during their LOA should obtain pre-approval by submitting a *Request to Take Course Off Campus* form. Students who are placed on "involuntary leave" must submit appropriate documentation before being allowed to return or register. Students who return in the semester indicated after a LOA must notify the Registrar of their return prior to the start of the semester. They will need to meet with their advisor to obtain their alternate PIN number for registration. Students who do not return from a *Leave of Absence* in the semester they indicated will be *Administratively Disenrolled* from the college and will need to apply for readmission if they wish to return. For information on the procedure for Readmission, please refer to the section entitled "*Readmission after a Withdrawal/Academic Disenrollment/Administrative Disenrollment*" for further information.

Types of Leaves:

Mental Health Leave of Absence

On occasion, a student upon preliminary investigation may be required to leave the College and its premises until the student procures a psychological/medical evaluation, a clearance to return to school, and a recommendation letter from a board-certified psychiatrist/psychologist. The information below has been prepared to outline the necessary steps needed to return to SUNY Maritime College after a mental health Leave of Absence which will be shared with the Dean of Students and/or appropriate departments (and the Mental Health Counselor). You must provide the Dean of Students and Maritime Mental Health Counselor a full summary of any treatment received while you are on leave. This summary must be submitted at least 30 days prior to the start of the desired semester of return. The Mental Health Counselor can best advise the Dean of Students as to your readiness to return to academia only if in receipt of this information. The medical information you provide is confidential and will not be shared with your professors, department chair, or parents, unless you have authorized this in writing. The summary should be a letter from the therapist and/or physician who has been caring for you.

If you have received care from **both** a psychiatrist and a mental health professional providing therapy, please have **both** professionals forward their letters. The summary must contain the following: your diagnosis and any medications, dosage, length of time on this medication, and how long you have been stable on that dosage. Additional must include your progress you have made that leads your therapist/physician to recommend your return and professional assessment of your ability to complete academic programs while under stress; Documentation of any classes taken or job held while you were on leave, if applicable. Once the requested documentation is received, your health care provider may be contacted to further discuss your readiness to return. To discuss your care with your provider(s), the appropriate release of information form must be completed and returned to the Health Services office and/or Mental Health Counselor. After the phone consultation with your health care provider(s), an appointment will be scheduled with you to meet with the Mental Health Counselor. Based on the recommendation from the Mental Health Counselor, the Dean of Students and other departments will determine if you should be reinstated and notify you in writing their decision.

Involuntary Leave of Absence :

In the legitimate interest of the College in protecting the safety and welfare of specific individuals or the general public, or in protecting College property, the College President, Dean of Students, or their Designee(s) may temporarily suspend an individual or as part of the investigation for Medical/Psychological/Safety Reasons, any student who engages, or threatens to engage, in behavior which poses imminent danger of causing substantial harm to self and/or others or, engages, or threatens to engage, in behavior which would cause significant property damage, or directly and substantially impeded the lawful activities of others shall be subject to involuntary withdrawal.

A. Code of Conduct Violations

Hearings for students placed on involuntary leave for Code of Conduct Violations must be held within ten (10) calendar days of the leave. An involuntary leave results in the accused student's immediate exclusion from classes and/or the residence halls and all other College privileges or activities, pending a hearing. At the time of their involuntary leave, the student shall be scheduled, under normal circumstances, for a prompt initial hearing. Involuntary leave will only be imposed to ensure the safety and well-being of members of the College community or College property or to insure the student's own physical or emotional safety and well-being. If a student seeks an appeal following their initial hearing, the period of Involuntary Leave may be extended by the Dean of Students or Judicial Officer until the student has exhausted all avenues of appeal.

B. Medical/Psychological/Safety Reasons

The student will, upon preliminary investigation, be required to leave the College and its premises. In that time, it may be mandated that the student will seek a psychological/medical evaluation which will be shared with the Dean of Students and/or Commandant and the College Mental Health Counselor. To return to school, the student must also be evaluated and recommended for continued attendance at the College by the College Mental Health Counselor, to the Dean of Students and/or Commandant who will make the final decision in writing to the student. If cleared to return to the College, a contract will be developed which prescribes responsibilities and terms of return to the student. This contract will be administered by the Dean of Students in conjunction with the College Counselor. Failure to comply with this contract would result in immediate suspension or dismissal from the College.

Medical Leave of Absence

On occasion, students encounter medical concerns or conditions outside of their control that led to challenges attending and completing coursework at Maritime College. Students may request a medical Leave of Absence for the full semester (all courses) in which they encounter the medical issue. To request a medical leave, students should consult with the Dean of Student Affairs, file the Leave of Absence form with the Registrar's office, accompanied by the medical leave support form (completed by a licensed health care provider). This request will be reviewed by various departments. If a medical leave is granted, students will be withdrawn from ALL courses in the semester (receiving 'W' grades). Medical leave cannot be requested of individual courses. Students taking a medical Leave of Absence will have a hold placed on their account requiring them to meet with Health Services prior to beginning a subsequent semester. Students who have taken a medical Leave of Absence must provide updated medical documentation to the Health Services department upon their return for clearance to return to the campus.

Official Grades and Calculation of GPA

The GPA is calculated by multiplying the numerical value of a letter grade by the number of credits for the course, yielding the "quality points" for the course, and then taking the sum of the quality points and dividing by the sum of the credits attempted. This process is used both for semester and cumulative GPAs. The numerical values for the letter grades are:

	A 4;	A- 3.667;
B+ 3.333;	B 3;	B- 2.667;
C+ 2.333;	C 2;	C- 1.667;
D+ 1.333;	D 1;	
E, WF 0.		

P, AP, TC, are not included in GPA calculation but are included in credits earned.

X, W, I, are not included in GPA calculation and are not included in credits earned.

I incomplete

P passed in pass-fail courses only

AP Advanced Placement

TC transfer credit

X exempted

W reflects an official withdrawal from the course and is not included in GPA calculations.

WF is a withdrawal from the course after the 10th week of the semester and is equivalent to an F in GPA calculations.

Additional notations:

"E" (Exclude) indicates a course that is no longer being counted in the cumulative GPA.

"I" (Include) indicates a course that has been repeated, with the grade for the course, included in the cumulative GPA.

Grades not used under certain circumstances:

† D or D+ grades may not be issued in STCW Coast Guard license courses, effective Spring 2005.

D and D+ are not utilized for Graduate courses

Readmission after a Withdrawal/Academic Disenrollment/Administrative Disenrollment

If you are seeking readmission after a Withdrawal/Academic Disenrollment/Administrative Disenrollment:

Students wishing to return after Withdrawal/Academic Disenrollment/Administrative Disenrollment will need to first apply for readmission through the Office of Admissions. Upon readmission student follows the current curriculum at the time of return. Upon reacceptance to the College, the student should meet with their respective Department Chair to review their program for any curriculum updates and receive their alternate PIN number for registration. Students who wish to return to the Regiment must formally meet with the Deputy Commandant.

A student who has been academically disenrolled will be considered for readmission only after completing a “get well program” (successful completion of 12 transferrable credits with a grade of “C” or better). Official transcripts should be provided to Admissions for review. The College will generally not readmit a student after a second academic disenrollment.

Registration

Each semester, students register for new classes after meeting with their advisor to plan which courses are needed according to the degree and major requirements. *

*Exception: the first semester the student is enrolled, the Registrar’s Office will process a registration on behalf of the student after receiving the results of the Math placement exam.

At the designated time in the calendar for advisement before the registration period, the student will meet with their advisor to plan a curriculum schedule of courses needed and to receive an ALTERNATE PIN to register for courses which changes each semester before registration. The student can register for classes or change sections of a course. The student can view their own schedule of classes including the days, the times, the instructors and the rooms for each course. Student’s accounts must be cleared of all outstanding balances prior to registering. Students can view relevant holds through their Maritime Self Service account.

Repeat a Course

If the student does not successfully complete a course, she/he may attempt to take the same course again. A student may also repeat a successfully completed course to improve her/his GPA. A student attempting to take a course more than three times must meet with the Major Department Chairperson prior to registering for the course via the Special Course Repeat Form.

Satisfactory Academic Progress Policy for Financial Aid

Withdrawing from classes could have an effect on your eligibility for federal financial aid; see Maritime’s [Satisfactory Academic Progress Policy](#) and/or if receiving NYS aid see [TAP Academic Policy](#).

STCW (Standards of Training, Certification and Watch Keeping)

Issuance of STCW Training Certificates

STCW training certificates shall be issued to cadets upon graduation from a license-option degree program. All original STCW training certificates shall be generated by the License Department and issued to qualified cadets at graduation. STCW training certificates shall not be issued to cadets who do not complete the USCG-approved deck or engine licensing programs.

Cadets may not substitute training, nor will the academy accept training certificates from outside the academy’s USCG-approved program. The only exception to this is transfer students from another maritime academy which requires a case-by-case review of the training completed at the other academy.

Sitting for the USCG exam

All Cadets enrolled in one of our unlimited USCG-approved license programs are required to sit for their initial USCG examination on campus. Subsequent re-examinations (complete or partial) must be scheduled by the Director of Licensing at the Cadet’s request and may be taken at any of the seventeen national Region Exam Centers (REC).

Syllabus

A written syllabus (paper or electronic) must be provided to students in each course. If there are changes to the information provided in the syllabus during the semester, they must be given to students in written form (paper or electronic).

The syllabus will include:

- Information on the course content and expectations (e.g., class attendance)
- Details on the basis for grades, including: the course's examination policy; the number and types of exams; a list of graded assignments with their approximate due dates and their weight in the final grade.
- Instructor's course policy for academic integrity
- Procedures for adjustments identified by the Office of Accommodations

Withdrawal from School

An official withdrawal is the voluntary decision to discontinue studies/enrollment at the College. Students must file a *Withdrawal from School* form with the Office of the Registrar if they wish to withdraw from school. Students that do not properly withdraw from the college will be *Administratively Disenrolled*. Students who wish to return after an Official Withdrawal will need to apply for readmission. For information on the procedure for Readmission, please refer to the section entitled "*Readmission after a Withdrawal/Academic Disenrollment/Administrative Disenrollment*" for further information.

Immunizations: Measles, Mumps, and Rubella Students born on or after January 1, 1957 must submit proof of immunity to MMR. Only **one** of the following is required:

- The student must submit proof of two doses of live MMR vaccine: the first dose given no more than 4 days prior to the student's first birthday and the second at least 28 days after the first dose; **or**
- The student must submit serological proof of immunity to MMR. This means the demonstration of measles, mumps, and rubella antibodies through a blood test performed by an approved medical laboratory; **or**
- The student must submit proof of honorable discharge from the armed services within 10 years from the date of application to the institution. The proof of honorable discharge shall qualify as a certificate enabling a student to attend the institution pending actual receipt of immunization records from the armed services.
- **COVID-19 vaccinations are required, boosters recommended**

Meningococcal Disease New York State PHL Section 2167 requires post-secondary institutions to distribute information about meningococcal disease and vaccination to the students, or parents or guardians of students under the age of 18. The institution is required to maintain a record of the following for each student:

- A vaccine record indicating at least 1 dose of meningococcal ACWY vaccine within the last 5 years or a complete 2- or 3-dose series of MenB without a response form; or
- A signed response form with a vaccine record (If a student submits a response form selecting this option, a vaccine record must be attached); or
- A signed response form indicating that the student will obtain meningococcal vaccine within 30 days; or
- A signed response form indicating that the student will not obtain immunization against meningococcal disease.

If the student has not received meningococcal vaccine within the past 10 years, then he/she must submit the signed response form.

Meningitis Documentation: SUNY Maritime would like to inform all students about meningococcal disease, a potentially fatal bacterial infection commonly referred to as meningitis, and New York State Public Health Law (NYS PHL) §2167. On July 22, 2003, Governor Pataki signed NYS PHL §2167 requiring institutions, including colleges and universities, to distribute information about meningococcal disease and vaccination to all students meeting the enrollment criteria, whether they live on or off campus. This law became effective August 15, 2003. The vaccine isn't mandatory however, acknowledgement by signature and date is required. Please see the Welcome Packet or the Health Services Office for more information.

Religious Exemption: A student may be exempt from vaccination if, in the opinion of the institution, that student or student's parent(s) or guardian of those less than 18 years old holds genuine and sincere religious beliefs which are contrary to the practice of immunization. The student requesting exemption may or may not be a member of an established religious organization. Requests for exemptions must be written and signed by the student if 18 years of age or older, or parent(s), or guardian if under the age of 18. The institution may require supporting documents. It is not required that a religious exemption statement be notarized. In the event of an outbreak, religious exempt individuals should be protected from exposure. This may include exclusion from classes or campus. ****PLEASE NOTE, although the Meningococcal vaccine isn't mandatory to attend SUNY Maritime College, if cadets choose to do cadet shipping or any internships, private companies DO have the right to require the Meningococcal vaccine. ****

Campus safety and security is provided by the University Police Department (UPD), which has a fulltime force of police officers and security officers on duty. The University Police Department is located at the main entrance to the campus and is manned 24 hours a day, 365 days a year. In addition, University Police Officers conduct foot and vehicular patrols on the campus and residence hall areas 24 hours a day, 365 days a year. Officers receive training at a regional Police Academy, that includes penal law, criminal procedure law, first aid, CPR, defensive tactics, crisis intervention and multi-cultural diversity, active shooter, bomb detection.

The mission of the State University Police Department at the SUNY Maritime College is to ensure a safe and secure environment on the college campus, in which the faculty, staff, students and visitors can pursue and achieve the College's academic and leadership objectives without concern for their personal safety or the safety of their or the college's property. This objective is pursued through enforcement of the State University Rules and Regulations and all local, state, and federal laws along with the Maritime College Code of Conduct.

Reporting Crimes or Other Emergencies on Campus:

To report a Police, Fire or Medical Emergency on Campus **DIAL 911** from any campus phone. To report an emergency by Cellular phone or to contact the University Police for Non-Emergencies dial 718-409-7311. We encourage you to place this number in your speed dial. Dialing 911 from cellular phones should be avoided, as the call will go to the New York City 911 Call Center and delay response.

Once reported, the University Police Dispatcher will dispatch State University Police Officers to respond to the incident and/or emergency and will notify any additional agencies such as FDNY or EMS as appropriate.

More information on crime reporting, programs to inform and crime statistics are available on the Maritime Web Site in the Maritime College Campus Safety Report.

Missing Student Policy

Most missing-person reports in the college environment result from students changing their routines without informing roommates and friends of the change. For purposes of this policy, a student will be considered missing if a roommate, classmate, faculty member, friend, family member, or other campus person has not seen or heard from the person in 24 hours or more, with no reasonable explanation for their absence. Consideration is given to the time of day and information available regarding the missing person's daily schedule, habits, and reliability. Individuals will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concern for their safety. If a member of the College community has reason to believe that a student is missing, that person should immediately notify one or all the following individuals:

- University Police Department (UPD): 718-409-7311
- Commandant of Cadets: 718-409-7350/ 347-867-5698
- Dean of Students: 718-409-5879/ 917-565-2815
- Director of Residential Life: 718-409-7452 / 347-226-0339

All efforts will be made immediately (no waiting period) to locate the student to determine his or her state of health and well-being. If after investigation a student is determined missing for at least 24 hours, the appropriate law enforcement agencies and the student's emergency contact will be notified immediately. If a student is under age 18 and not an emancipated individual, or has failed to designate an emergency contact, UPD is required to notify a parent or guardian. If a student is over age 18, UPD is required to notify the emergency contact the student identified to the College.

Order of Protection - If a student has obtained an Order of Protection and/or believes that he or she is being or may be stalked while on SUNY Maritime College's campus, the student should advise the University Police Department (UPD) and the Dean of Students. If possible, in addition to any Order of Protection, the student should provide UPD and the Dean of Students with a photo, description, and the vehicle information of the person(s) whose conduct is at issue. The student will be given the phone number of the UPD Office and Dean of Students to be utilized if the student feels threatened while on campus. Additional measures may be utilized to assist with safety for the student in such instances, as deemed feasible by UPD and the Dean of Students. The College will advise local police and cooperate with them if the person named in an Order of Protection or identified as a stalker, appears on campus.

Parking & Motor Vehicle

All students who are eligible for parking privileges must obtain a parking permit and copy of the campus parking regulations from Parking Services or the college website. SECTION 1 - PARENTAL NOTIFICATION

In October 1998, Congress passed the Higher Education Amendment which permits postsecondary institutions to disclose to parents or legal guardians of students under 21, without their consent, information regarding the student's violation of any federal, state, or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance. The Office of Student Affairs or the Office of the Dean of Students may inform parents of any alcohol or drug violation involving students under 21.

Emergency notification may occur when a current registered student is known to have been involved in an emergency (as determined by the College) on property owned or controlled by the College. In cases where specific information is unavailable, other sources may be utilized to notify a contact. If non-directory information is needed to resolve a crisis or emergency, an educational institution may release that information if the institution determines that the information is "necessary to protect the health or safety of the student or other individuals." Factors considered in making a decision to release such information in these situations are: (1) the severity of the threat to the health or safety of those involved; (2) the contact's need for the information; (3) the time required to deal with the emergency; and, (4) the ability of the contact to assist in dealing with the emergency. The College may disclose known information without consent, in order to communicate the student's location, their status as a student [if temporarily suspended or otherwise unable to return to the College] and how communication with the student might be achieved. During and after emergencies, entities from and beyond the College, with specific knowledge of the emergency, may also require a student to sign "Consent for the Release of Information Form" before releasing information.

SECTION 2 - STATE & FEDERAL LAWS/POLICIES

Said rules shall be subject to amendment or revision and any amendments or revisions thereof shall be filed with the Commissioner of Education and Board of Regents within 10 days after adoption. Nothing herein is intended nor shall it be construed, to limit or restrict the freedom of speech or peaceful assembly. Free inquiry and free expression are indispensable to the objectives of a higher education institution. Similarly, experience has demonstrated that the traditional autonomy of the educational institution (and the accompanying institutional responsibility for the maintenance of order) is best suited to achieve these objectives. These rules shall not be construed to prevent or limit communication between and among faculty, students, and administration, or to relieve the institution of its special responsibility for self-regulation in the preservation of public order. Their purpose is not to prevent or restrain controversy and dissent, but to prevent abuse of rights of others and to maintain that public order appropriate to a college or university campus without which there can be no intellectual freedom and they shall be interpreted and applied to that end.

B. Application of Rules

These rules shall apply to all State operated institutions of the State University except as provided in Part 550 as applicable to the State University Maritime College. These rules may be supplemented by additional rules for the maintenance of public order heretofore or hereafter adopted for any individual institution, approved and adopted by the State University Trustees and filed with the Commissioner of Education and Board of Regents, but only to the extent that such additional rules are not inconsistent herewith. The rules hereby adopted shall govern the conduct of student, faculty and other, licensees, invitees and all other persons, whether or not their presence is authorized, upon the campus of any institution to which such rules are applicable and also upon or with respect to any other premises or property, under the control of such institution, used in its teaching, research, administrative, service, cultural, recreational, athletic and other programs and activities; provided, however, that charges against any student for violation of these rules on the premises of any such institution other than the one at which he/she is in attendance shall be heard and determined at the institution in which he/she is enrolled as a student.

SECTION 3 - COLLEGE POLICIES/CODE OF CONDUCT

OVERVIEW

The Dean of Students/Student Affairs has the ultimate responsibility for the judicial process. The prohibited conduct/violations associated with the policies can be found under each article.

OFF CAMPUS MISCONDUCT POLICY

The College expects students to conduct themselves in accordance with the law. Student behavior off the premises of the campus that may have violated any local, state, or federal law, or yields a complaint from others alleging law violations or student misconduct, will be reviewed by either the Dean of Students and/or designee. Upon receipt of a complaint alleging off-campus student misconduct, the Dean of Students or designee, will review the allegations to determine the appropriate course of action by the College. In cases in which criminal or civil action is involved, such action and the College's conduct process will occur simultaneously. The College may elect to defer action until the proceedings of the criminal or civil action have been completed.

Regimental Students Only:

Please be advised that regimental students are also obligated to follow all rules and regulations set forth by Regiment of Cadets. Students who violate the Code of Conduct MAY be required to attend a Suitability Board, through the Regiment of Cadets, in addition to any judicial sanctions they may receive.

POLICIES

ABUSE OF THE JUDICIAL SYSTEM

Abuse of the Judicial System include but are not limited to:

- Failure to obey the summons of a the Judicial Officer or College official.
- Falsification, distortion, or misrepresentation of information or testimony before a College official, staff member, and/or judicial body.
- Disruption or interference with the orderly conduct of a judicial proceeding.
- Institution of a judicial proceeding knowingly without cause by filing a false report or statement.

- Failure to complete a sanction imposed by a judicial board.

ACADEMIC INTEGRITY/NON ACADEMIC INTEGRITY

Absolute integrity is expected of every Maritime student in all academic undertakings. Integrity entails a firm adherence to a set of values, and the values most essential to an academic community are grounded on the concept of honesty with respect to the intellectual efforts of oneself and others. Academic integrity is expected not only in formal coursework situations, but in all College relationships and interactions connected to the educational process, including the use of College resources. While both students and faculty of Maritime College assume the responsibility of maintaining and furthering these values, this document is concerned specifically with the conduct of students.

A Maritime student's submission of work for academic credit indicates that the work is the student's own. All outside assistance should be acknowledged, and the student's academic position truthfully reported at all times. In addition, Maritime students have a right to expect academic integrity from each of their peers.

Students are expected to do their own work in class, on assignments, laboratory experiments, and examinations or tests in accordance with the directions given by the instructor. It is the responsibility of all students to read and understand this statement of College policy on academic integrity. Maritime College considers the violation of academic integrity a serious matter, and one that will be treated as such.

A student who violates academic integrity may, depending on the nature of the offense, may be subject to one or more of the following measures: failure of the assignment or examination, failure of the course, dismissal from the Regiment of Cadets, or dismissal from the College. In addition to facing the Judicial Board, Regimental Students may be brought before a Captain's Mast and/or a Suitability Hearing Board if the violation has occurred on the training ship.

The first academic integrity violation may be handled and processed by the faculty member. However, the Dean of Students or designee may have concurrent jurisdiction to adjudicate any instances of academic integrity. Thus, all integrity offenses can be grounds for dismissal or other action initiated by the Dean of Students or designee and copies of all academic integrity violations are to be sent to the Judicial Officer. A second academic integrity violation may result in physical and academic removal from the College.

A. Faculty Responsibilities

1. Faculty should take steps to ensure that conditions during an exam or quiz are not conducive to cheating.
2. Faculty members should state clearly in all syllabi that violations of academic integrity will not be tolerated at Maritime College and that acts of academic dishonesty will be penalized in accordance the terms of this article.
3. Faculty members shall define as much as possible what terms like plagiarism mean and what is considered cheating in their course, especially in cases where such terms or instances are not obvious.
4. Faculty members who encounter acts of academic dishonesty are required to report them in writing to the Judicial Officer, together with a list of any penalties already imposed (e.g., failure of assignment, failure of course, etc.) and a possible recommendation to the Board of any additional action to be taken. The chairperson of the Board will record the information in a database maintained by the Board. If this is a first offense, the Board will take no further action unless requested by the Faculty member. If this is not a first offense, the chair will convene the Board and review the case.
5. Whenever possible, the faculty member should impound the evidence of suspected dishonesty. If necessary, photocopies should be made. Such evidence will not be returned to the student, but will be kept in the confidential files of the Judicial Board.
6. Failure by the faculty member to execute any of these responsibilities will not constitute grounds for dismissal of charges against a student.

B. Student Responsibilities

1. Students are encouraged to notify the instructor if they observe an act of academic dishonesty. If a student reports such an incident, the instructor shall be obligated to pursue the matter as indicated above. If, in the opinion of the student who has reported the incident, the instructor has not fulfilled their responsibilities in this matter, that student may take one or more of the following steps in an attempt to resolve the situation:
2. Confer with the department chairperson.
3. Confer with the Vice-President for Academic Affairs.

Examples of Academic Integrity/Non Academic Integrity violations include but are not limited to:

- The attempted or unauthorized use of materials, information, notes, study aids, devices or communication during an academic exercise.
- Plagiarism, the act of presenting another person's ideas, research or writing as your own.
- Obtaining an unfair advantage.
- Falsification of official documents.
- Collusion is lending assistance or failing to report witnessed acts of academic misconduct.
- Providing false information to any College official, faculty member or office.
- Forgery, alteration, or misuse of any College document, record, or instrument of identification.
- Tampering with the election of an officer of any College-recognized student organization.
- Aiding, abetting, or procuring another person to violate a College policy.
- Academic Dishonesty (i.e. cheating, plagiarism, obtaining unfair advantage, falsification of official signature, falsification of college documents).
- Sabotage of Academic Activity (interfering with, or sabotaging an academic activity. Sabotage includes, but is not limited to: removing, concealing, damaging, destroying, or stealing materials or resources that are necessary to complete or to perform the academic activity; tampering with another student's work).

ALCOHOL

Student use, consumption, possession, or transportation of alcoholic beverages is prohibited on the College grounds, the training ship, and /or any vehicle or craft belonging to or in custody of the College. Cadets returning to the training ship under the influence of alcohol are subject to disciplinary action for this offense. The legal maximum limit of Blood Alcohol Concentration (BAC) as determined by Breath Alcohol Concentration (BrAC) is 0.08 percent in New York State for those over 21 years of age; it is expressly prohibited for those under twenty-one years of age. On the Training Ship the BrAC is .04. Violation of this limit means the student is "per se" intoxicated. In cases where Maritime is unable to verify BrAC, symptoms that indicate intoxication include, but are not limited to; slurred speech, loss of control of fine motor movement and coordination, staggered gait, vomiting, impaired balance and confusion. By enrolling at SUNY Maritime College, a cadet has implied consent to taking a breathalyzer test to determine their BAC. If UPD or a staff member asks a suspected intoxicated Cadet to yield to a breathalyzer, the cadet is required to do so; failure to submit to a breathalyzer will result in an automatic failed test result.

Cases where injury, referral to a hospital, vandalism, use of a vehicle while under the influence, police involvement, or actions bringing discredit to Maritime College will be referred to the Dean of Students and/or Commandant of Cadets/Dean of Leadership Development to determine charges/sanctions to be administered to the student. Events at which alcohol is served may be authorized under certain special circumstances where the vast majority of attendees will be 21 years of age or older. Individuals involved in the serving of alcoholic beverages must also be 21. Students who dispense or furnish alcoholic beverages to underage students are in violation of College policy and of New York State Law.

It should be noted that the presence of empty alcoholic beverage containers in or about residence rooms, halls and/or College grounds is prima facie evidence of use, consumption, and/or transportation. Students found in violation of the College alcohol policy will be referred to the Dean of Students for adjudication. While procedures have been developed for addressing violations of the campus alcohol policy, respect for issues of student privacy and security from unreasonable intrusions will be consistent with policy and past practice. The College will comply with the requirements of the New York State Alcohol Beverage Control Law. Amendments to the law provide that, “No person under the age of 21 shall possess any alcoholic beverage with the intent to consume such beverage.”

Alcoholic beverages are not permitted in residence halls and no events will be approved in which alcohol will be served or consumed in the residence halls. Residents are subject to all local and state laws concerning the use, possession, sale, and transportation of alcoholic beverages. College policy prohibits open containers of alcoholic beverages in all outside areas on the campus. Bringing alcoholic beverages to any public or private event on campus is not permitted.

Students are also advised of the following provisions of New York State law:

- Violators are subject to a fine of up to \$50 per offense, but are not subject to arrest. Alcoholic beverages involved in alleged violations of this law may be seized by authorized law enforcement officials, including University Police officers. Disposal and destruction of seized alcoholic beverages are also authorized but cannot be carried out until three days after the initial appearance date, unless otherwise ordered by a court.
- Persons under the age of 21 who present falsified or fraudulently altered proofs of age for the purpose of purchasing or attempting to purchase alcoholic beverages are guilty of a violation, punishable by a fine up to \$100 and a community service requirement of up to 30 hours. Previously, violations of this section were punishable only by the imposition of a one year probationary period and a fine.
- A person under the age of 21 who represents an altered New York State driver’s license for the purpose of illegally purchasing an alcoholic beverage may be subject to a suspension of that driver’s license for up to 90 days and may also be required to apply to the Department of Motor Vehicles for a restricted use driver’s license following the suspension.
- No person shall sell, deliver, give away, permit, procure to be sold, delivered, or given away, any alcoholic beverages to any intoxicated person or any person under the influence of alcohol.
- Any person who shall be injured in person, property, means of support or otherwise by an intoxicated person, or by reason of the intoxication of any person, whether resulting in his/her death or not, shall have a right of action against any person who shall, by unlawfully selling to or unlawfully assisting in procuring liquor for such intoxicated person, have caused or contributed to such intoxication; and in any such action, such person shall have a right to recover actual and exemplary damages.
- Social host liability creates civil liability for anyone who knowingly furnishes alcoholic beverages to any intoxicated person under the legal age of purchase if intoxication results in injury or damages to a third party.

Alcohol and/Drug Use Amnesty in Sexual and Interpersonal Violence Cases

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. SUNY Maritime College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Maritime College strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to SUNY Maritime College officials or law enforcement will not be subject to the College’s code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

- Alcoholic beverages are not permitted in residence halls and no events will be approved in which alcohol will be served or consumed in the residence halls.
- It should be noted that the presence of unopened or empty alcoholic beverage containers in or about the College grounds is prima facie evidence of use, consumption, and/or transportation.

DISRUPTIONS (IN/OUT OF CLASSROOMS) /DISORDERLY CONDUCT

Instructors have the responsibility to maintain an effective learning environment in their classrooms and to deal promptly with any disruptions that interfere with this environment. Faculty has the right to teach and students have the right to learn; no one student will be permitted to infringe on these rights. A faculty member, in reasonably discharging this responsibility and acting in accordance with these guidelines on disruptive students in the classroom, shall receive College support and, whenever necessary, legal protection. An instructor has the responsibility, therefore, to remove, without physical force, a disruptive student from the classroom. Upon request of the instructor, the student must immediately leave. If the disruptive student refuses to leave on request or there is a concern for the safety of students, or self, the instructor has the option of either dismissing the class or calling University Police depending on the gravity of the situation.

Consistent with a philosophy of progressive discipline, when a student is ejected from a class for the first time, it shall be for that class period only. The instructor shall submit, promptly, a written report of the incident to the Dean of Students, with copies to the department chair, and the student's curriculum chair. In addition, if the situation is threatening enough to have called University Police, the instructor must notify the Dean of Students and/or Commandant of Cadets/Dean of Leadership Development/Dean of Leadership Development/Dean of Leadership Development/Dean of Leadership Development' immediately. The instructor shall be prepared to provide any additional supporting information and to prepare charges against the student when appropriate. The consequences of each action may include denying the student further access to the class or other disciplinary action, including dismissal from the College.

Any student who is involved with drugs is encouraged to consult the Health Services for help. Information given to a College health care provider or Counselor is privileged and the provider cannot voluntarily disclose it to anyone and cannot be forced to testify to it in court or elsewhere. Other members of the staff or other students may also help with drug problems; however, students should realize they are not necessarily bound by confidentiality.

Action taken by the College in all cases of drug violation will be guided by a concern both for the emotional and physical welfare of the student involved and for the maintenance of a suitable educational environment for all members of Maritime College. Drug violations include but are not limited to:

- Possession, sale, consumption, distribution or being knowingly in the presence of narcotics or other controlled substances is prohibited except as expressly permitted by law.

SOCIAL MEDIA GUIDANCE

Social media does not alleviate the responsibility of students to the Student Code of Conduct and any/all regular applicable student / cadet policies, standards of conduct, and applicable law. While there is freedom of expression, with the use of social media, students are not free to engage in activities referred to as "bias incidents/crimes". Additionally, students have a right to privacy and should not be filmed by other students unknowingly. Privacy laws should not be violated.

Other information for the use of social media are as follows:

- Confidentiality: Do not post confidential information about Maritime, our students, alumni, or employees.

Student(s)” for purposes of this Planner and Student Code of Conduct means any person who is currently admitted or registered, or who participates in a College function, such as Orientation, in anticipation of enrollment, or who was enrolled in a previous term, or who is, or was registered for a future term.

ARTICLE I - JUDICIAL PROCEEDINGS

Judicial proceedings at the College are administrative proceedings held to deal with disciplinary cases.

Standard of Proof

It is important to remember that Maritime College is not a court of law. Unlike the criminal justice system, Maritime does not have to determine responsibility for a policy violation “beyond a reasonable doubt.” Instead, the administration utilizes what is called “preponderance of evidence” (meaning more likely than not) when adjudicating a possible violation of College policy. This means that the Judicial Officer (in conjunction with the Deputy Commandant of Cadets) or a Judicial Board will consider all of the evidence available regarding a reported incident and decide what the most probable course of events were, based on this information.

ARTICLE II - COLLEGE JUDICIAL BOARD/ACADEMIC INTEGRITY BOARD

The College Judicial Board hears cases involving alleged violations of the Student Code of Conduct and/or violations of the Residence Hall Code. This Board hears cases involving students who either commute or reside on campus. The Judicial Board that will ultimately hear the case is comprised of a non-voting chair and three voting members: one student, one faculty member, one College administrator and the Judicial Officer.

Version: 02/08/2022

The *Office of Housing and Residential Life (OHRL)* is excited to have you as a member of our on-campus living community. This Guide to Campus Housing is intended to give you and your neighbors a common set of expectations by which you can all live and learn together to achieve academic success, build on skills to prepare for your career, and develop lasting friendships. The mission of SUNY Maritime College (“College”) is to provide safe accommodations for our residents. Our goal is to create a sense of community that encourages students’ development of respect, social responsibility, integrity, ethical leadership, and independence.

Being a member of a community means understanding and adhering to community standards, policies, regulations, and procedures, as well as contributing to its development and well-being. As a community member, you are responsible for your own behavior, and the behavior of your guests and/or visitors. It is our hope that you will choose to abide by all College and OHRL policies and regulations. By signing the Housing Agreement (physical signature or electronic acknowledgement), you are contractually entering a binding agreement to comply with the policies and guidelines listed herein.

This guide is designed to be used in conjunction with the policies and procedures set forth within the Student Code of Conduct. Any policies listed here will be enforced through the campus judicial procedures (Section IV of the Student Code of Conduct and/or Regimental Rules and Regulations), and the level of offense will be determined by the Director of Housing and Residential Life, and/or Dean of Students/Commandant of Cadets. Residents and their guests are concurrently subject to all College policies and regulations for conduct. Everyone must abide by all local, State, and Federal laws.

The College is unique in its duality of Regimental and Civilian programs, and the following is a guide for all students, which may be augmented by additional regulations, depending upon the student’s program. To maintain housing privileges, all residents must be in compliance with the College’s standards and policies. Cadets participating in the Regimental program are subject to additional guidelines set by the Commandant of Cadets and Regimental Officers.

The OHRL is located in 3rd Battalion, Baylis Hall, 1st floor. The office is open Monday through Friday, 8 a.m. to 4 p.m. For additional information and forms, please visit the Housing and Residential Life webpage at www.sunymaritime.edu, Housing and Residential Life Tab.

The College reserves the right within established procedures and/or as outlined by the Student Code of Conduct, to suspend or withdraw accommodations, or access to a campus residence to any person(s) for violation of College regulations, housing regulations, for health and safety reasons, or for failing to pay all associated tuition and fees. The College may seek financial or other restitution for loss or damage to residence hall property.

The College has the right to conduct inspections at any time to ensure the health, safety, and general welfare of residents within the residence halls as well as ensure physical security and maintenance of College property. When able, 24 hour notice will be given, but is not guaranteed to residents prior to entering residence bedrooms or common areas. STUDENT RIGHTS AND RESPONSIBILITIES: As a member of the College's living and learning community, you are afforded certain individual rights that your roommate(s) and those living around you should respect; however, these rights carry with them a reciprocal responsibility for you. Your responsibilities ensure that your roommate(s), suitemates, floor mates, and other community members are afforded the same rights regardless of their race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, criminal conviction or status as disabled or United States veteran. When you meet your responsibilities, you will be helping to make the College and residence halls a great place to live and work!

To a significant extent, your success will depend on your ability to understand and balance the rights and responsibilities aspects of your college experience. The College staff does not assume the role of campus parent, and you will seldom be told what to do or what not to do with regard to your personal behavior. The obvious exception, as with society at large, is when individual behavior threatens the health and safety of others or the community or begins to disrupt the legitimate pursuits of others within the residence halls.

The OHRM staff does not, nor cannot, guarantee you will retain each of these rights at all times. You share the responsibility. You can help ensure that these rights will be honored through thoughtful discussion and open communication with roommates, suitemates, floor mates, and other community members. The choice is yours; you can choose to passively exist or to take full advantage of your living environment by participating in activities, standing up for yourself and others and speaking up for what you believe has value.

The following is a listing of your “rights” (things to which you are entitled as a student living in one of our housing communities) as well as your “responsibilities” (what is expected of you as a member of a residence community). These rights and responsibilities are not legally binding, but, they are meant to complement the formal Guide to Campus Housing.

1. You have the right to a safe and secure living environment.
2. You have the responsibility to keep your living space secured, and to not prop doors open or allow in strangers. You also have a responsibility to uphold all security policies and procedures. Violations of community standards and procedures will put you and others at risk.
3. You have the right to privacy and to the fair use of your room, both in terms of space and time, and the right to be free of unwanted guests in your room.
4. You have the responsibility to let your roommate know of your wishes and preference for: hours of sleep, study, visitation, and resolving roommate disagreements in a peaceful manner. You also have a responsibility to make sure your guests do not violate your roommate’s rights or interfere with his/her use of your living space.
5. You have the right to a reasonably peaceful and quiet space in which you can sleep and study.
6. You have the responsibility to observe quiet hours, to keep your stereo, television, computer and your voice at a reasonable volume in your living environment, and to remind your guests and others that you expect the same of them.
7. You have the right to reasonably discuss another person’s behavior when it infringes on your rights.
8. You have the responsibility to examine your own behavior when approached by another and to work toward resolving conflicts.
9. You have the right to the assistance of a Resident Advisor, Building Managers, or other OHRL staff members when you request help with a problem.
10. You have the responsibility to notify a staff person of your problem and request assistance in a timely manner and to cooperate with those involved as they work with you as you solve your problem.
11. You have the right to know what is acceptable and/or what behavior is inappropriate within your living environment.
12. You have the responsibility to read the information provided for you by the College. If you reside in Residential Housing, you agree to read and abide by the regulations set forth in the Guide to Campus Housing, Student Code of Conduct, and Regimental Rules and Regulations. BUILDING MANAGERS (BM): Each residential complex is supervised by a Building Manager. These live-in staff members are responsible for the overall management of each residence hall complex. The Building Manager oversees the RA staff, coordinates maintenance and programming, and is available to students to help with any problem or concern. One Building Manager will be on duty for all the residence halls every night. They are responsible for Residence Hall safety and security and can be contacted in case of an emergency.

RESIDENT ADVISORS (RA): Resident Advisors serve as mentors, mediators, organizers, policy enforcers and general points of contact living on each deck to maintain an appropriate study and living environment for all residents. The RA is a full-time student who has been selected for his/her outstanding leadership qualities. One Resident Advisor will be on duty in each Residence Hall every night. They are responsible for Residence Hall safety and can be contacted in case of emergency.

SECTION 3: HOUSING PROCEDURES

RESIDENCE HALL ELIGIBILITY DURING THE FALL AND SPRING SEMESTERS:

Residency by a student is contingent upon his/her continuing state of good standing with the college and as a full-time student.

- Full time status for undergraduate students is defined as being registered for a minimum of 12 credits during the Fall/Spring semester.
- Full time status for graduate students is defined as being registered for a minimum of 9 credits during the Fall/Spring semester.

Residents must maintain their eligibility during the entire fall and spring academic semesters. Any change in eligibility status, from full-time student to part-time student, or non-student status may result in the termination of housing. Students not entitled to housing may include, but are not limited to:

1. Students who withdraw or take a leave of absence from the College.
2. Students in officially recognized off-campus academic programs for a designated period of time.
3. Students academically dis-enrolled or judicially dismissed from housing.

RESIDENCE HALL ELIGIBILITY OUTSIDE THE FALL AND SPRING SEMESTERS INCLUDES:

1. When a current student is actively employed within an office of the College.
2. When a current or former student is under contract within a sanctioned College program.
Examples include but are not limited to:
 - a. EOP
 - b. INDOC
 - c. License Housing
 - d. International Orientation
 - e. Athletic Pre/Post Season
3. When a current student is awaiting graduation (graduation must be within one week).
4. When a current student is participating in Pre-Cruise and/or awaiting to go on Cruise-A.
5. When a current student is enrolled in Summer Session (must be taking a class in a classroom, excludes online classes) and may only reside in housing while in session.
6. Employed or participating in a summer camp program hosted by Conference Services.

Any student outside the parameters listed above will not be eligible to reside in the Residence Halls.

APPLICATIONS: The College is pleased to offer a paperless Housing Application platform (Residence™ by Symplicity). This multi-faceted online software is used by the Housing Office to communicate with students and most importantly collect Housing Applications. Students who wish to reside in on-campus housing must complete the online application. Check the Housing Calendar online for Housing Application due dates. Only upon acceptance by Admissions, may you apply for Housing. You will need your student email and password provided by Admissions in order to login and to complete the application. Link: <https://suny-maritime-residence.symplicity.com>. Students will be assigned a space on a first-come, first-serve basis. Housing is not guaranteed. If no room is available and/or if the student has been placed on a waitlist, they will be notified via their student email.

ASSIGNMENTS: Students are assigned to rooms at the discretion of SUNY Maritime College OHRL. New students, students coming back after a LOA/Disenrollment, or those participating in INDOC will be placed by the Housing Office. Due to the layout of the Residence Halls, roommates are of the same gender and most often of the same status (Civilian, Regimented, Day Student, and Graduate). Regimented students are as best as possible, assigned based on class. Returning students may be given an option to select their roommates for the next academic year in the preceding spring semester. Roommate requests will not be honored until the student has lived on campus for at least one semester and only if the request is for the fall semester. If a roommate is not chosen, Housing will assign one. The OHRL reserves the right to assign and consolidate rooms as necessary. Roommate requests will be considered, but are not guaranteed. Housing of Civilian students and students in special status is limited and based on availability. Resident(s) will be allowed to renew their Housing Agreement on a space available basis. All students must fill out a Housing Intent to reserve a room for the following semester. Housing Agreements may be terminated due to Disenrollment, Leave of Absence, Withdrawal, etc. The OHRL cannot guarantee accommodations upon readmission. These individuals must fill out a Housing Application and will be assigned a room after all new applicants have been accommodated, space permitting. If a student is not living on campus for a semester, and is returning to campus housing, it is their responsibility to contact the OHRL, with sufficient notice, to apply for housing for the upcoming semester.

Those who live on campus in the spring semester and who apply for the fall semester may participate in the Housing Lottery. Check the Housing Calendar online for dates and times for the Lottery. The Lottery (all online) enables students to choose their desired room type (double/triple) and roommates for the Fall Semester. Roommate requests indicated on the Lottery will be considered, but are **not** guaranteed. Students should delegate a group leader who will complete the Lottery and choose the room type. The group leader should be the person with the best selection time. All potential roommates should give their roommate passcode to the group leader. The passcode is displayed on the Residence™ homepage of each student. Potential roommates should be in the same program (Reg/Civ) and if Regimental, the same class. If you are the group leader – choose a room from the dropdown menu displayed. A confirmation email will be sent to all parties after submitting your selection.

The OHRL cannot guarantee accommodations upon readmission. These individuals must fill out a Housing Application and will be assigned a room after all new applicants have been accommodated, space permitting. If a student is not living on campus for a semester, and is returning to campus housing, it is their responsibility to contact the OHRL, with sufficient notice, and/or to apply for housing for the upcoming semester.

In general, room assignments and billing are based on double occupancy rate. Due to the growth of the College, it is possible residents will be assigned to a triple room. The student's account will be adjusted for the respective rate. As space is available, every attempt will be made by the OHRL to place residents in their desired room type (double/triple), although, there is no guarantee of availability.

CHECK-IN: Students should report to campus on their respective date and during their respective time slot (refer to the Housing Calendar online). Any student who does not officially check-in to Housing, satisfy their student account, and pick up their key within 5 business days of the start of the semester may be withdrawn from Housing, lose their Housing reservation and will be placed on a waitlist. Should a student vacate housing at any time during the semester, they must notify the Housing Office and complete all check-out procedures. All housing charges, fees and refunds are in accordance with SUNY Maritime College policies.

Key receipts will be provided to all residents at check-in. In signing a key receipt, residents are acknowledging their responsibility for that key and any charges applied to their account for its misuse or loss. **See Housing Fees.**

During check in, residents will review the condition of their room and furnishings listed on the Room Condition Report (RCR) with the Resident Advisor. The RCR will be retained electronically or in the resident's housing folder in the OHRL. The Room Condition Report also functions as a Housing Agreement and shall be the basis for determining damage, cleaning, and billing if there are discrepancies during the check-out process.

CHECK-OUT: Upon check-out and/or departure from campus housing, students are required to remove all personal items from room and common areas in the residence halls. Rooms are expected to be cleaned and left in move-in condition. The OHRL will discard all personal property left beyond 24 hours. To properly check out, residents must make an appointment with their RA or BM to have their room inspected. The resident is expected to schedule the appointment at least 24 hours prior their expected departure and provide at least 12 hour notice of appointment changes or cancellation. The RA will review the RCR and note the condition and presence of college property within the space. If necessary, charges will be applied to cover damages and cleaning. Room key(s) must be returned, as directed, to Housing in the approved return envelope. Any resident who fails to follow the proper checkout procedure will be assessed the current fees for improper check out and/or failure to return room key. Additionally, the resident will be responsible for all damages that may have occurred to that room or suite. Improper check-out is defined as the failure to check-out or to follow check-out procedures publicized by the OHRL. In addition to, but not limited;

- a. Residents are expected to make check-out appointments, providing 24 hour notice.
- b. Residents are expected to keep appointments for Check-out.
- c. Residents must provide 12 hour notice to cancel or change appointment.

Failure to vacate a room in the designated period for check-out will incur daily room rates and room key charges. Any personal items left behind will be discarded. Any resident that needs to extend their stay due to travel arrangements must have specific consent by the Director of OHRL. Students who fail to receive consent for an extended stay are subject to fines, a daily room rate charge, and judicial action.

REQUEST FOR EXTENDED STAY/EARLY ARRIVAL: The Office of Housing & Residential Life (OHRL) establishes the dates governing students' stay in the residence halls prior to the start of each academic year. Therefore, students are expected to plan accordingly with respect to the check-in/check-out dates. Recognizing that students may need to return to campus early, or stay on campus late for various reasons, the OHRL will review requests for extended stay on a need basis. Considerations will be granted for the following students:

- International Students
- On-Campus Student Employment
- Student Athletes
- Students with Academic Related Reasons
- **Long-Distance Drive:** Students coming from a distance that requires significant travel may report a day earlier to allow sufficient time to make the trip to and from the College. A general guideline is anything over a five-hour, one-way trip (over 300 miles).

Request for extended stay/early arrival will not be considered for the following reasons:

- **Leaving an apartment:** Students who are renting or subleasing off-campus apartments in the summer need to be aware of when their lease agreement ends. **Students will not be allowed to move onto campus until the appropriate move-in date.**
- **Local, Non-Campus Responsibilities:** Students will not be allowed to return to campus early to pursue off-campus jobs or volunteer duties that would bring them back early. It is the student's responsibility to make plans concerning living arrangements prior to the move-in date.
- **Roommates on Campus Early** – Students whose roommates are approved to be on campus early may not move in with the roommate. If it has been determined that an unauthorized student is living in a residence hall prior to the move-in date, both the student and their unauthorized guest may face judicial action.
- **Improper Travel Date Arrangement:** It is the student's responsibility to make travel arrangements in respect to the check-in/check-out dates that are established by the OHRL. **Students will not be allowed to stay late/arrive early because of early/late flights/travel arrangements.**
- **Convenience:** Early arrival/extended stay requests that are made solely for the convenience of the student and are not related to the approved criteria mentioned above are typically denied. **Exceptions are rare – all pertaining departments will have input regarding exceptions**

A written request for extended stay/early arrival must be made prior to the early arrival or extended stay of the student. Students who wish to arrive early/stay late must complete the online application for the respective semester. Approval of such requests is not automatic. In the event that permission is granted, a one-time \$50 administrative fee, plus the daily room rate will be charged to the student's account. All students granted permission to return to campus early, or stay on campus late, should realize that college services including, but not limited to, regular custodial services, dining services, residence hall offices, and mail delivery may be limited or unavailable. Students residing on campus must follow all College and Housing policies outlined in the Student Handbook. Early check-in/late check-out must occur during the OHRL operational hours, Monday to Friday, 8 a.m. to 4 p.m.

ROOM ASSIGNMENTS: Students are assigned to rooms at the discretion of SUNY Maritime College OHRL. Due to the layout of the Residence Halls, roommates are of the same gender and most often of the same status (Civilian, Regimented, Day Student, and Graduate). Regimented students are as best as possible assigned based on class. Returning students may be given an option to select their roommates for the next academic year in the preceding spring semester. If a roommate is not chosen, Housing will assign one. The OHRL reserves the right to assign and consolidate rooms as necessary. Roommate requests will be considered, but are **not** guaranteed. Housing of civilian students and students in special status is limited and based on availability. Resident(s) will be allowed to renew their Housing Agreement on a space available basis. All students must fill out a Declaration of Intent to reserve a room for the following semester. Housing Agreements may be terminated due to Disenrollment, Leave of Absence, Withdrawal, Judicial Actions, etc. The OHRL cannot guarantee accommodations upon readmission. These individuals must fill out a Housing Application and will be assigned a room after all new applicants have been accommodated, space permitting. If a student is not living on campus for a semester, and is returning to campus housing, it is their responsibility to contact the OHRL, with sufficient notice, to apply for housing for the upcoming semester. In general, room assignment and billing are based on double occupancy rate. Due to the growth of the College, it is possible residents will be assigned to a triple room. The student's account will be adjusted for double/triple occupancy after the first 3 weeks of the semester. As space is available, every attempt will be made by the OHRL to place residents in a double room, although, there is no guarantee of availability.

CONSOLIDATION: The OHRL reserves the right to assign and consolidate rooms as necessary. All students will be consolidated to ensure each student has a roommate regardless of any vacancies. Students should be aware that this consolidation may affect their room rate and financial obligation. Students will be given a set time to move by their RA, Building Manager, or the OHRL. If a resident receives a Notice of Consolidation and fails to comply, the resident will be charged appropriate fees. Additional fees may also be added if a student fails to return their old room key after 48 hours of a consolidation.

Resident students that have vacancies in their room/suite are expected to keep their rooms ready for new students at all times. Pushing beds together, filling extra dressers and closets with personal belongings, attempting to dispose of extra furniture, or preventing new students from moving is unacceptable. Students who fail to meet this expectation will be subject to disciplinary action, including reassignment to another room and/or fine. In order to receive the proper room rate, the room must maintain the number of furniture pieces required for the designated occupancy and be set up according to the OHRL.

DOUBLE OCCUPANCY ROOM BUYOUT: The Office of Housing & Residential Life reserves the right to consolidate any student with vacancy within all living units on campus. Residents who find themselves in a room without a roommate, for whatever reason, may be offered the following options:

- Move to another room to fill vacancy.
- Accept a roommate who is also being required to consolidate.
- “Buyout” the room at a premium rate.

Room Buyout: Depending on the total resident population, the needs of incoming Maritime students and available spaces, students may be offered a “buyout” option. By this, residents may opt to “buyout” the vacant assignment(s) in their room, alleviating them from the chance of having other students assigned to that space for one semester. This option is only available after the two week room freeze period and comes at an additional cost.

POLICIES

- We have a first come, first serve policy. Therefore, approval of “buyout” request is not automatic.
- After the two week room freeze period that occurs at the beginning of each semester, residents with vacancies in their room will be given the option of “buying out” those unassigned spaces in that room at an additional cost.
- Students who are eligible for a “Room Buyout” will be notified by the OHRL office.
- Residents who have bought out the room will be permitted to arrange furniture in their room to their liking. However, students will not be allowed to loft their beds. Additionally, the second set of furniture provided in the student bedroom cannot be removed. Students who remove room furniture may be charged the replacement value of the furniture and may face student conduct action.
- Should a “buyout” be granted for the fall semester, it is not guaranteed for the spring semester.
- Rooms will default to open doubles/triples at the end of each semester. Therefore, students should prepare the room back to its original configuration in preparation for a roommate once the semester has ended.
- A student cannot “buyout” an entire suite.
- Residents who engage in conduct designed or intended to dissuade or intimidate other students from moving into a room or who otherwise attempt to manipulate the housing assignment process may be subject to conduct action. This includes not responding to phone, e-mail or other attempts to make contact.

ELIGIBILITY

- First Year/Incoming students will not be given the option of “buying out” the space in a room at an additional cost. **Exceptions made to the eligibility requirements are rare –all pertaining departments will have input regarding exceptions**
- Only upperclassmen residents with vacancies in their room will be given the option of “buying out” the space in that room at an additional cost.
- If a student has a roommate(s), they cannot “buy out” their room. Students unsure of a roommate assigned status should log into their housing *Symplcity* account and select Roommates to see a list of roommate(s) after the two week room freeze period.
- Building limitations will still apply.

COST

- Current rate listed on SUNY Maritime housing website.
- In the event a “Room Buyout” occur mid-semester, the cost may be pro-rated based on the week a student commits to.

APPLICATION

- Students who wish to participate in the housing “buyout” process must complete the online application for the respective semester.

FINANCIAL RESPONSIBILITY: All students checking in to Housing must have a zero balance on their student account or assume responsibility for and commit to an authorized payment plan according to Student Accounts policies in order to receive their room key and be given access to their assigned room.

Students who fail to satisfy their student account obligation and who are found in the residence halls after the semester starts may be cited for loitering (i.e. S 240.35 New York Penal Code - Loiters or remains in or about school grounds, or a college or University building), which may jeopardize his/her housing eligibility. The roommate(s) who, after being notified (may be disseminated through email) that his/her roommate should NOT be allowed access to room, may be documented by Housing Office for having an unauthorized guest if the unauthorized student is given access by the resident against the Housing directive, shall also jeopardize his/her housing eligibility and such actions are subject to disciplinary actions.

Residents who fail to meet their financial obligations to the College by the dates determined and disseminated (may be disseminated through email) by Student Accounts and who have been unable or unwilling to arrange for proper deferment or who have failed to pay as agreed may have a hold placed on his/her student login until the payment is resolved. *The full amount of the room will be billed regardless when the student checks-in.*

REMOVAL FROM HOUSING: Students who fail to meet their registration requirements will be made aware of their Housing status via a signed letter from the Housing Office. The student will be afforded 24 hours from the time the letter is hand delivered and/or emailed (if off campus) to satisfy their registration as full-time. If the student fails to meet their obligations, they will have 24 hours to conduct a formal check-out and return their room key. Students are obligated for all fees and charges incurred through the date of check-out, in accordance with policies. Students who are withdrawing from housing are encouraged to do so by the first week of class to avoid charges on their account.

ROOM CHANGES: Due to space availability, Room Transfer Requests will not be offered in the Fall or Spring semesters. This applies to **ALL** residential students regardless of their program, class, or academic standing. Room vacancies will be filled by consolidation or by new applicants. Residents who need to switch their housing assignment must first meet with their Director of Housing and/or Dean of Students. It is then within the Director's discretion to determine if the change would be in the best interest of the student. The College is committed to promoting diversity; therefore, changes based on a lack of tolerance for others' lifestyle, race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, criminal conviction or status as disabled or United States veteran, will not be considered or approved.

SECTION 4: SECURITY

LOCKOUTS: It is a student's responsibility to carry their key at all times. If you lock yourself out of your room, you should attempt to locate your roommate. If you cannot find your roommate, you should then attempt to locate a Resident Advisor in your building. All lockouts will be responded to in a timely manner, however, due to circumstances, response times may vary. Upon responding to key a resident in, the staff person will verify the student is the resident of the room, request identification first and evidence of key possession. Residents are permitted three lockouts for the academic year. After the third lockout the core will be changed and the student will be assessed the fee for replacement.

KEYS: Each resident is responsible for picking up their room key at the beginning of the semester (Check-in). Each resident is issued one room key, and if needed, one suite key and bears the responsibility of issued keys until they have been officially returned, upon the termination of attendance, or the end of the semester (check-out). Room keys must be returned to an RA or directly to the OHRL upon check out. A key envelope and receipt will be provided. If key(s) are not returned on the day of vacating the room, a fee will be charged for parts and labor for the lock to be changed. Residents are responsible for securing their personal items by locking both windows and doors of their room and/or suite.

KEY REPLACEMENT: Lost, misplaced, or stolen keys must be reported to the OHRL immediately. A \$150 fee will be charged to the responsible resident, the lock or core will be changed, and a new key(s) will be issued to all residents assigned to the room.

ACCESS: Access to Facilities – Providing access to buildings, or rooms within buildings, to those other than residents, staff or guests by any means including, but not limited to: failing to lock or secure doors; propping entrance doors; lending a room key; or, allowing a person entrance into a building and leaving them unattended in a public place is not permitted. Students whose agreement has been revoked are not allowed access to any residential facility. Unauthorized entry into an assignment/living space other than your own (locked or unlocked) and/or presence on rooftops, offices, storage and/or maintenance rooms, ledges, or areas marked for restricted access in any residential building or Maritime facility is prohibited. Entrance into any building through a window/out onto the wall off a building, or entering an unoccupied/unassigned space is also prohibited. Key/Access Card Use – Unauthorized use, possession, provision, or duplication of access key/cards is prohibited, including having duplicate keys made for individuals who do not have a Housing Agreement for the specific space. Locks – Installation of any door or area locks other than those provided by the facility is prohibited/ Any Access violations may result in removal from Housing.

PROPERTY USE: Unauthorized use, removal, and/or access of property belonging to or in the possession of SUNY Maritime College, Residence Life, any community member, or guest thereof is prohibited. Such violation may lead to judicial action/fees.

THEFT: Thefts should be reported immediately to UPD and your residence hall staff, regardless of value, as soon as possible.

UNAUTHORIZED OCCUPANTS OR TRESPASSERS: Unoccupied rooms and facilities (i.e. Common areas) not authorized for residence may not be used. Any person using the facilities of any residence hall without the special permission of the Director of OHRL and without a valid Housing Agreement may be considered **loitering (i.e. S 240.35 New York Penal Code - Loiters or remains in or about school grounds, a college or University building)**. Unauthorized occupants shall be subject to a charge at the daily rate for the space during the entire period of improper occupancy, and may be subject to judicial action. If it cannot be determined how long the individual has occupied the space without a valid housing agreement, they will be billed to the last date that the space was occupied by another resident.

SECTION 5: ROOM CHARGES, HOUSING VIOLATIONS AND FEES

Failure to comply with any housing policies may result in a “failure to comply” charge under the Student Code of Conduct.

Every resident will be held accountable for any damage to their assigned room and furniture. The student will be financially liable for any damage incurred, including the full cost of labor and materials. In the event two or more students occupy the same room and it cannot be ascertained which student(s) were responsible for the damage, the assessment of charges will be made equally to all occupants. All residents shall exercise care so as to not damage or deface College property or the personal property of others, or to allow such damage or defacement by others. Upon investigation, if it is found that damage or defacement is willful, the resident responsible will be subject to judicial action/fees. Room Condition Reports (RCR) will be completed at the beginning of the academic year or whenever a room change occurs. This will note any damages that may have occurred to the room previously so the current resident is not held liable. Loss/damage of any school property assigned to a resident must be reported within 24 hours of the occurrence. Damages can be reported to your Resident Advisor and/or OHRL.

HEALTH AND SAFETY INSPECTION: In the spirit of safety on campus, SUNY Maritime College, is compliant with New York State Fire Code for residence halls. Per NYS Fire Code, there are several items that are not allowed in residence hall rooms. Periodically, our Residence Life staff will conduct health and safety room inspections to check for NYS Fire Code Compliance. During these inspections, our Residence Life staff will enter all student rooms on campus and do a plain-view inspection for items that are not allowed per NY State Fire Code and University Policy. Additionally, the New York State Office of Fire Prevention and Control (OFPC) routinely inspects all SUNY Maritime College facilities' common areas and some randomly selected rooms and apartments for fire code violations. Any infractions/fines resulting from a routine inspection from the OFPC may be assessed to the individual student(s).

If a room is found in unacceptable condition, or the resident(s) is in violation of housing regulations, an official citation will be issued by a Residence staff Life staff. Depending on the housing violation, students will be given two weeks to remove the prohibited item from the resident hall. A \$50.00 charge will be placed on the student's account if an item is not removed from residence within two weeks (14 days) of receiving a violation slip from Office of Housing and Residential Life. In the event that the noted changes are not made by a set date, in addition to the \$50 charge, the resident may lose his/her housing privilege and be evicted from the residence halls.

Please note that prohibited extension cords and candles will NOT be given a two week period to be removed. All surge protector outlet/power strip must be UL-approved and equipped circuit breaker/resettable switch. Any student found using a prohibited extension cord will be immediately assessed a fine of \$100. Additionally, any student found in possession of a candle will be immediately assessed a fine of \$50. Once confiscated, prohibited extension cord(s) and or candle(s) will be discarded and not returned. First offenses will result in a fine of \$100. Second offenses will result in a fine of \$200, followed by termination from Housing for a third offense. Tampering with ANY fire safety system, which includes covering or disabling smoke detectors, will result in immediate dismissal from Housing and potential dismissal from the College.

QUIET, STUDY, AND COURTESY HOURS: The sleep and study needs of residents are of paramount importance. In order to meet this need, the College has established regulations to govern the noise and disturbance levels in the residence halls. While the Housing and Residence Life staff assists with the enforcement of these regulations, it is necessary for the entire community to understand and live by these guidelines and speak with those who are in violation of them. To provide an environment that fosters the academic success of the students, 24 hour courtesy hours are in effect. Courtesy hours include all outside areas (the Quad and parking lots). It is expected that residents always honor the requests of their community concerning noise levels, even when it is not scheduled quiet hours. Noises, disturbances, playing games, or any action that could be considered as interference with the study routine of other students may result in disciplinary action and/or fines. Designated study hours on campus are from 7:00 p.m. through 11:00 p.m.

Bicycles may be discarded if left behind after the semester ends. Students will be notified via student email to remove bikes prior to discarding.

Students who fail to abide by these standards may result in fines and/or judicial action.

SECTION 6B: SERVICE AND ASSISTANCE ANIMAL POLICY

DEFINITIONS

A. SERVICE ANIMAL

“Service animal” is defined by the Americans with Disabilities Act, as amended (ADA), as any guide dog, signal dog, or other animal individually trained to do work or perform tasks for the benefit of an individual with disability, including, but not limited to: guiding individuals with impaired vision; altering individuals with impaired hearing to intruders or sounds; providing minimal protection or rescue work; pulling wheelchair; or fetching dropped items. (28 Code of federal Regulations (CFR) Part 26, Subpart A – General, 36.104 Definitions).

Student requests for disability accommodations, including requests to have a service animal accompany a student on campus, in classrooms and in SUNY Maritime’s housing facilities, are determined by the Dean of Students and/or the Office of Accommodations. Student can reach the Office of Accommodations at 718-409-7348.

A service animal may be removed from a Maritime facility or program if the animal’s behavior or presence poses a direct threat to the health or safety of others. For example, a service animal that displays vicious behavior towards people may be excluded. Excessive barking in a classroom or during a program is an example of disruption.

Service animals may also be excluded in area where the presence of a service animal fundamentally alters the nature of a program or activity, or is disruptive. Examples may include, but are not limited to: research labs, areas requiring protective clothing, food preparation areas, and animal research labs.

B. PET

A “Pet” is an animal kept for ordinary use and companionship. A pet is not considered a Service Animal or an Assistance Animal. They are not covered by this policy. Residents are not permitted to keep pets, other than fish, on College property or in College housing.

C. APPROVED ANIMAL

An “Approved Animal” is a Service Animal or Assistance Animal that has been approved as a reasonable accommodation under this policy.

D. OWNER

The “Owner” is the student or other covered person who has requested the accommodation and has received approval to bring the “approved animal” on campus.

CONFLICTING HEALTH CONDITIONS: Housing personnel will make a reasonable effort to notify students in the residence building where the Approved or Service Animal will be located. Students with medical condition(s) that are affected by animal (e.g., respiratory disease, asthma, severe allergies) are asked to contact Residence Life if they have a health or safety related concern about exposure to a Service or Assistance Animal. The College is prepared to reasonably accommodate individuals with medical conditions which require accommodations when living in proximity to Service or Assistance Animals. We will attempt to resolve any conflict in a timely manner. Staff members will consider the conflicting needs and/or accommodation requests of all persons involved.

OWNER’S RESPONSIBILITIES IN COLLEGE HOUSING

1. The Owner is responsible for assuring that the Approved/Service Animal does not unduly interfere with the routine activities of the residence or cause difficulties for the students who reside there.
2. The Owner is financially responsible for the actions of the Approved/Service Animal including bodily injury or property damage. The owner’s responsibility includes but is not limited to replacement of furniture, carpet, windows, screens, doors, paint, wall covering, and the like. The Owner is expected to cover these costs at the time of repair and/or when the move-out.

3. The Owner is responsible for any expenses incurred for cleaning above and beyond a standard cleaning or for repairs to College premises that are assessed after the student and animal vacate the residence. The College shall have the right to bill the student account of the Owner for unmet obligations.
4. The Owner must notify Accommodative Disability Service and Residence Life if the Approved/Service Animal is no longer needed as an Approved Animal or is no longer in the residence. To replace an Approved Animal the owner must file a new request.
5. The Owner's residence may be inspected for fleas, ticks or other pests once a semester or as needed. The applicable housing office for the residence hall will schedule the inspection. If fleas, ticks or other pests are detected through inspection, the residence will be treated using approved fumigation methods by a college-approved pest control service. The owner will be billed for the expense of any pest treatment above and beyond standard pest management in the residence halls.
6. All roommates or suitemates of the Owner must sign an agreement allowing the Approved/Service Animal to be in residence with them. In the event that one or more roommates or suitemates do not approve, wither the Owner or the non-approving roommates or suitemates, as determined by the appropriate Housing office the residence location, may be moved to a different location.
7. Service Animals may travel with their Owner throughout College Housing. Assistance Animals are to be contained within the privately assigned residential area (room or suite) expect when transported outside the private residential area in an animal carrier or controlled by leash or harness.
8. Approved/Service Animals may not be left overnight in College Housing to be cared for by another student. Animals must be taken with the student if they leave campus for a prolonged period.
9. College Housing has the authority to relocate Owner and Approved Animal as necessary.
10. Any violation of the above rules may result in immediate removal of the animal from the College and may be reviewed through a Judicial Process.
11. Should the Approved Animal be removed from the premises for any reason, the Owner is expected to fulfill his/her housing obligations for the remainder of the housing contract

GUIDELINE FOR MAINTAINING APPROVED/SERVICE ANIMAL AT MARITINE COLLEGE

CARE AND SUPERVISION: Care and supervision of the animal are the responsibility of the person/Owner who benefits from the Approved Animal's use. This person is required to maintain control of the approved animal at all times. This person is also responsible for ensuring the cleanup of the animal's waste and, when appropriate, must toilet the animal in areas designated by the College consistence with the reasonable capacity of the person. Indoor animal waste, such as cat litter, must be placed in a sturdy plastic bag and securely tied up before being disposed of in outside trash dumpsters. Litter boxes should be placed on mats so that waste is not tracked onto carpeted surfaces

ANIMAL HEALTH AND WELL-BEING:

1. Vaccination: In accordance with rules and regulations, the animal must be immunized against diseases common to that type of animal. Dogs must have current vaccination against rabies and wear a rabies vaccination tag.
2. Health: Animals, other than cats and dogs, to be housed in College Housing must have an annual clean bill of health from a licensed veterinarian's statement regarding the animal's health. The College had authority to direct the Owner to have the animal receive veterinary attention.
3. Licensing: The College reserves the right to request documentation showing that the animal has been licensed.
4. Training: Approved Animals must be properly trained.

5. **Leash:** The Assistance Animal must be on a leash. In the case of a Service Animal, if the leash inhibits the animal's ability to be of service, the Owner must maintain control of the Service Animal through voice, signal or other effective means.

REMOVAL OF APPROVED ANIMAL: The College may exclude/remove an Approved Animal when 1) the animal poses a direct threat to the health or safety of others, or 2) the animal's presence results in a fundamental alteration of the College program, or 3) the Owner does not comply with the owner's Responsibilities pursuant to College Housing requirements, or 4) the animal or its presence creates an unmanageable disturbance or interference with SUNY Maritime College.

SECTION 7: ROOM INSPECTIONS/SEARCHES

In order to protect the health and safety of residential students, keep rooms in good condition and avoid fire hazards, student rooms and common areas in the residence halls are subject to inspection by Residential, Regimental, and/or Student Life staff at any time, **with or without prior notice**. Such inspections will be conducted on a periodic basis. During inspections, College staff will check for the following:

- a. General condition and safety of the room;
- b. Cleanliness and condition of the furniture;
- c. The presence of prohibited items.

Common Areas are defined as the semi-private bathrooms, common bathrooms, lobby areas, passageways/ hallways, ladder wells/stairwells, storage/cleaning lockers, laundry rooms, lounges, and club rooms located within residential facilities.

In addition, College officials, including Residential Life Staff, Regimental Staff (for Cadets Only), and/or the Dean of Students, may enter rooms at any time if there is a reason to believe that the room contains illegal drugs, unauthorized substances, alcohol, weapons of any kind, or if there is any other reason to believe that entry is warranted to protect the safety or well-being of a student or others. Students who fail to cooperate with an inspection or whose room fails inspection may be subject to disciplinary action.

All packages, boxes, bags, suitcases, foot lockers, closets, dresser, desk, captain's bed, wardrobe, and refrigerators that are in, or brought into a student's room are subject to a full inspection upon the request of any College Official.

REFUSING ACCESS: Residents may not refuse room access to any professional staff scheduled to execute their assigned responsibilities. Regimental students have mandatory weekly room inspections conducted by Cadet Regimental Officers, Regimental Duty Officers, and Residence Life staff.

SECTION 8: GUEST POLICY

Given its history and heritage, Maritime College encourages students to respect and abide by the institution's values and tradition of valor and excellence. In the proper context, hosting guests/visitors is a *privilege* that can facilitate personal and social development as well as academic performance through joint study. Residents are advised to not abuse these privileges, as the College holds the right to revoke them at any time. Because students live by a variety of schedules, Maritime sets strict guidelines on guest visitation hours and policies on campus and in residence halls. Residents will be held accountable for the behavior of their guests and must accompany their guest(s) at all times during their visit.

Paramount in the goals of a residential community is the right of all students to have an appropriate level of privacy and the opportunity to sleep and study in one's room without being disturbed by their roommate(s) or other persons. All students pay fees and monies associated with their residence and must respect the rights of others in this area. Because there are no single rooms or bathroom facilities for students, it is especially important that all students observe the rules and policies designed to safeguard each person's right to rest, quiet, and privacy.

RESIDENT: is defined as a person who has a **current** and signed SUNY Maritime Housing Contract (for that term), currently authorized to live on campus, and has officially checked-in and received his/her room key.

GUEST: is defined as a person who is not a resident of SUNY Maritime and who does not have a signed Housing Contract (for that term), and/or who has not officially checked-in and/or not received his/her room key.

OVERNIGHT: is defined as 10:01 p.m. to 8:00 a.m.

Guest visitation hours within the Residence Halls:

Sunday to Thursday	8:00 a.m. – 10:00 p.m.
Friday to Saturday	8:00 a.m. – 12:00 a.m.

Maritime College does NOT allow overnight guests in the dormitories. Any guest found in the Residence Halls during the overnight period is considered **loitering (i.e. S 240.35 New York Penal Code - Loiters or remains in or about school grounds, a college or University building or grounds.)**, and may be escorted off campus. Guests are NOT permitted in student rooms and must remain in the lobby or lounge areas. Families of SUNY Maritime students may visit the dorm rooms of students, but only in order to help the student move items to or from the room.

From time-to-time, events on campus such as athletics, may end late and extend past the visitation hours. In the event that this occurs, the guests must depart no later than 30 minutes following the completion of that sanctioned event. No student shall at any time allow any guest (including residents not assigned to that room) to sleep in their room for any reason.

There are no exceptions to these rules except as expressly made by the College Administration to facilitate a special program use.

Violations to this policy can and will result in disciplinary action up to and including removal from the Residential Life Program and loss of ability to reside in housing. Guests may also be banned from the Residence Halls in the future. ***This includes first offenses.***

Students who violate housing policy and are removed from the dorms will forfeit any and all funds and fees for the remainder of that semester associated with housing and the possible ultimate consequence is not being allowed to attend classes due to the inability to reside in the dorm as required by other Regimental regulations and policy. **Parents and students are urged to strictly adhere to all aspects in order to avoid consequences, which would lead to loss of monies, or other associated issues due to the loss of room occupancy.**

SECTION 9: SAFETY

LOFT BED/BUNK SAFETY: The Office of Residential Life recognizes the need for lofting beds to increase space availability and helps students personalize their room. Therefore, the OHRL will allow students to convert beds into lofts or bunk beds upon assessment of need and approval by a full-time professional staff member.

Students must adhere to the use of safety rails, ladders, bed placement, procedures for getting into and out of bed, and fire safety precautions if assigned or approved for a loft/bunk bed. Ladders, safety rails and/ or other specifically designated equipment helps prevent students from rolling out of their beds and offers a safe way to get into or out of a bunk or loft bed. Students who decline to use the safety rails and or ladders assumes the risk of any injuries associated with noncompliance to the lofting policies.

Loft/Bunk beds may not impede exit from the room and may not interfere with the operation of sprinkler systems. All items (including the top of a bed) must be a minimum of 18 inches below any sprinkler head.

Students are not permitted to remove any college-owned furniture from their rooms as a result of lofting/bunking and there is no storage available for extra furniture items.

RESIDENCE HALL SECURITY AND DOOR ACCESS: The safety and well-being of our students is paramount. To that end, we have installed new security measures in and around the Residence Halls. Only the **lobby doors** will be used for entrance and exit. Ladder well doors leading outside should only be used in the event of an emergency or fire drill. Please heed the posted signs to prevent judicial and unnecessary disturbance to fellow residents.

The lobby doors will be open (no card access needed) from 7:00 A.M to 10: 00 P.M (M-F). A Maritime ID card will be required to gain access to the **lobby doors** outside the time listed above including the weekends. Please remember to keep your Maritime ID card with you at all times.

EMERGENCY MAINTENANCE: Guidelines have been established to be used for responding to after-hours emergency maintenance problems. When the maintenance office is closed, the night and weekend maintenance staff is authorized to respond to emergency situations only when contacted by the **OHRL** staff. Such emergencies may result in charges when damage is the result of carelessness or is of a deliberate nature. An emergency is defined as a situation which will cause or potentially cause physical harm to residents and/or physical damage to the building structure. The following list of situations should be reported immediately to the RA on duty or other acting college officials:

- Heat problems
- No hot water
- No electricity
- Floods/leaks of any kind, clogged sewer lines (sinks, toilets, or showers)
- Being locked inside a room
- Locked out due to a broken lock or door

All other non-emergency maintenance requests can be directed to the RA on your specific floor.

EVACUATION PROCEDURES: Certain procedures have been established to prevent confusion and/or injury to residents in the event of a fire or other necessary evacuation. They are as follows:

It is the responsibility of all residents to be familiar with all posted evacuation information, maps, and procedures for the residence halls. This includes but is not limited to the location of all exits, fire extinguishers, and the Emergency Assembly Points (EAP) for each residence hall. Upon activation of the fire alarm, the facility should be vacated by all residents. State law requires that everyone immediately evacuates the building. **NO EXCEPTIONS.** University officials may enter rooms during fire alarms to ensure compliance with evacuation procedures. In the event of a fire alarm, all students must evacuate to the Emergency Assembly Points as stated in the Guide to Campus Housing. Any student who does not evacuate the dorm during a fire alarm will face adjudication.

Residents should immediately report to the Emergency Assembly Point for their residence hall and move away from the building. They are assigned as follows:

BUILDING	EMERGENCY ASSEMBLY POINT (EAP)
1st Battalion (A & B)	Under the overhang of Heritage Hall
2nd Battalion (C & D)	Under the overhang of Heritage Hall
3rd Battalion (E & F)	Under the overhang of Heritage Hall
4th Battalion New Hall	Under the overhang of Heritage Hall

- In the event a fire is close to the EAP, students should assemble in the front of the Gym farthest from the fire.
- Residents are to remain at their EAP until the building is cleared by the University Police Department and Emergency Personnel. Residents will not be allowed to re-enter the premises until directed to do so by the University Police Department and/or Fire Department.
- Residents must comply with directions given by Residential Life staff, University Police, Emergency Personnel, and/or other College officials.
- Failing to abide by the evacuation procedures are subject to judicial action/fees.

EMERGENCY INCIDENTS/DISASTERS/WIDE-SPREAD DISRUPTION: In times of extreme emergency, wide-spread disruption and/or life-threatening crisis, the OHRL is authorized to institute measures/systems to protect and preserve the health, property, and wellbeing of our students, faculty, staff, as well as our neighboring communities. As a condition of remaining in on-campus housing, students are expected to comply with all procedures, systems, and measures formed to respond to emergency conditions. Campus officials have the right to enforce all measures of emergency response at any point to ensure the protection of lives, assets, and the environment. Failure to comply with these expectations during any emergency condition may result in student conduct action and/or removal from on-campus housing.

FIRE SAFETY/DRILLS: Each room and all public spaces within the residence halls are equipped with fire warning devices that are linked with the central fire alarm system. All are for the protection of the occupants. Tampering and/or interference with, as well as destruction or misuse of fire safety and fire prevention equipment is prohibited. This includes but is not limited to: fire extinguishers, fire hoses, fire alarms, pull station, heat and smoke detectors, sprinklers, and exit signs. Other prohibited behavior or items include, but are not limited to:

- Falsely reporting a fire, bomb threat, serious injury, or any other emergency, or pulling a fire alarm when no fire is evident.
- Setting a fire or possessing or using flammable or highly combustible materials.
- Failing to evacuate a building at the sound of a fire alarm or when directed by College staff.
- Overloading outlets.
- Smoking in non-designated smoking areas.

- Unauthorized uses of appliances in residence halls.
- Blocking access to hallway, window, or suite exits.
- All appliances must be free from frays or defects in wiring. The use of gas, alcohol, or other flame-producing chemicals is prohibited. Charcoal fires or barbecues are prohibited indoors. Grills must be at least 25 feet from buildings.
- Please see prohibited items listed above.

College policy and New York State law require the College to conduct a number of fire drills in the Residence Hall each semester. It is a violation of both State law and College policy to remain in the building during a fire drill. Any time the alarm sounds, students and any guests must leave the building immediately, closing any doors behind them, and following the specified evacuation route. Failure to vacate the building when the fire alarm sounds is a violation of policies.

FIRE SAFETY POLICY

1. All surge protectors/power strips must be UL-approved and **equipped with an external circuit breaker/resettable switch.**
2. Any student found using a prohibited extension cord will be immediately assessed a fine of \$100. Second offenses will result in a fine of \$200, followed by termination from Housing for a third offense.
3. *Please note that prohibited extension cords found within the residence halls will be confiscated, and will **NOT** be returned to the student.
4. Candles found will not be returned and students will be assessed a fine of \$50
5. Due to the recent fire concerns surrounding hover boards, The Office of Housing & Residential Life has chosen to prohibit the use and possession of hover boards in the residence halls.
