Dear SUNY Maritime College Alumni and Friends,

Welcome to the SUNY Maritime College 2022 Admiral's Dinner!

Thank you for sharing in this year's event as we return to celebrating the Dinner at the beautiful Marina Del Rey in the Bronx. I am also thrilled to welcome the alumni, friends and supporters who are joining tonight's festivities from Houston, TX via satellite. It is the first time an Admiral's Dinner is held in two places at once! I am grateful for your support and participation in tonight's gala, and the donations we have received to date. To all our sponsors who made this event possible, I sincerely thank you.

The Admiral's Dinner is one of the College's most significant networking and fundraising events in which 100 percent of proceeds are applied towards scholarships and support for current and future students. Tonight, students will share how the generosity of alumni, friends and supporters are changing their lives and allowing them to fulfill their dreams. The need to support student scholarship is vital, especially at a time when the global demand for a qualified and skilled maritime workforce is increasing rapidly. Your donation provides students a pathway to achieve academic and career success, and there is no greater time to give.

Tonight, we are proud to honor three extraordinary honorees, two notable individuals and one dynamic organization: Kevin Collins '96, U.S. Flag Broker, MCA Associates; Boriana Farrar, Vice President and Chief Legal Officer, Patriot Contract Services; and the Women's International Shipping & Trading Association (WISTA) USA, which boasts nearly 700 members spread across eleven regional chapters. Our three honorees represent the maritime industry with excellence and as visionaries within their sectors, each is strongly committed the professional development of fellow members in the maritime community. I thank them for their support and congratulate them on this special occasion.

Kim and I look forward to spending time with you during this evening's event as we highlight the need for student scholarship support. We hope you enjoy this special evening with friends old and new.

Thank you for all you do to contribute to student success and propel our students toward becoming the next generation of leaders in the global maritime industry.

Best wishes,

Dear Alumni, Friends and Supporters,

Welcome to the 2022 Admiral's Dinner!! It is our great pleasure, on behalf of the Board of Directors of the SUNY Maritime Foundation, to welcome you and thank you for supporting this important scholarship fundraising event.

This year, the Admiral's Dinner celebration is no longer confined to the Bronx. With the assistance of technology, we are reaching participants logging in from their homes and also, for the first time ever, from a satellite Admiral's Dinner event taking place in Houston, Texas. We look forward to holding multiple satellite events around the country in the coming years. You are now able to connect with long lost classmates and industry colleagues no matter where they may reside.

The Foundation and SUNY Maritime College are proud to be recognizing three outstanding honorees – Kevin Collins '96, U.S. Flag Broker, MCA Associates; Boriana Farrar, VP & Chief Legal Officer, Patriot Contract Services; and Women's International Shipping & Trading Association (WISTA) USA. These two individuals and the WISTA organization represents what is exceptional within the global maritime industry.

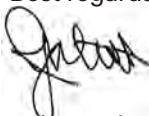

This Admiral's Dinner is extremely important to the lives of current and future students at Fort Schuyler. As the main vehicle for raising significant funds for student scholarship support, your generosity will make it possible for many students, who otherwise could not afford the cost of attendance, to enroll and become our future leaders in maritime, engineering, business, or whatever they choose. Last academic year alone, the College awarded over \$1 million in tuition and other support. Over half was raised at the Admiral's Dinner.

The SUNY Maritime Foundation is an IRS-recognized charitable organization established to encourage and manage private donations to support the vision and mission of the College. The volunteer Board of Directors serve as fiduciary agents providing independent stewardship and oversight of all funds raised, while Admiral Alfultis' service as an ex-officio director ensures that the Foundation is fully informed of the school's goals, challenges, needs and opportunities.

It is with great enthusiasm that the Foundation partners with the College to meet needs of the students, faculty, and industry, and to reinforce Maritime College's place as "First and Foremost."

We are so grateful for your generosity and hope you enjoy your time with old friends and classmates!

Best regards,
