

Broad-Based Fees

SUNY Maritime Broad-Based Fees are generally charged to all enrolled students (as listed below) to finance discrete activities that enhance services and opportunities benefiting the student body. The fee structure is carefully reviewed every year with extensive campus involvement and are ultimately approved by the SUNY Chancellor or the Chancellor's designee.

All **Undergraduate** students are charged the following broad-based fees in the fall and spring semesters:

- Athletic Fee
- Student Health Fee
- Activity Fee
- Technology Fee
- College Fee
- Wellness Fee

All **Graduate** students are charged the following broad-based fees in the fall and spring semesters:

- Technology Fee
- College Fee
- Wellness Fee

Definitions:

1. **Athletic Fee** - This fee provides support for all of SUNY Maritime's intercollegiate athletic programs.
2. **Student Health Fee** - The student health services fee is a mandatory fee that enables Health Services to provide primary health care (both acute and preventative) as well as health promotion programs at no additional cost to the student. This fee is not for medical insurance. There is now expanded access to mental health and counseling services and extended hours, staff additions, and car service to non-emergency medical facilities.
3. **Activity Fee** - Funds Student Government and all activities sponsored by SGA.
4. **Technology Fee** - Fee is in place to build and maintain an infrastructure that offers students the highest quality learning environment. Revenue generated from the fee must be used to address specific technology needs such as computing and information technology (i.e., smart classrooms, distance learning offerings, high-speed internet connection), library automation, remote network access, public computing sites and student services automation (i.e., registration, billing), and other administrative systems.

5. **College Fee** - SUNY Board of Trustees policy requires collection of the College Fee from all students. Proceeds from the fee shall be used to supplement campus operations and be recorded into the Revenue Offset Fund at each campus.
6. **Wellness Fee** - This fee will be used to provide services and programs that promote the well-being of students. These services and programs include but are not limited to upgrades to the gym equipment, online wellness opportunities, nutrition workshops, onsite fitness and weight management programs. The fee will be charged to all students - undergraduate and graduate, except for online students.
