# WELCOME

Dear SUNY Maritime College Alumni and Friends,

Welcome to the 2023 Admiral's Dinner. This evening's Dinner is the College's most significant networking and fundraising event, and 100 percent of the proceeds are applied towards scholarships for current and future students. I am grateful for your support and participation in tonight's gala, and the donations we have received to date. We are on pace to set a new Admiral's Dinner record for funds raised to support student scholarships! To all of our sponsors who made this evening such a rousing success, I sincerely thank you.

Tonight, we are proud to honor two outstanding maritime organizations and the distinguished executive officers who lead them, as well as recognize the Masters of the Training Ship Empire State VI which was retired last fall. TOTE Services, LLC and its president Capt. Jeff Dixon have been instrumental in stewarding the T/S Empire State VII through the construction process in Philadelphia and ensuring we have the best training platform in the school's history. American Roll-On Roll-Off Carrier, captained by President and CEO Eric Ebeling, is the leading U.S.-flagged Ro-Ro carrier supporting a wide range of our nation's overseas operations.

With the retirement of the Training Ship Empire State VI this past year, I am especially pleased to recognize five graduates who served as Master of the Training Ship Empire State VI. Each has been instrumental in shaping the lives and honing the skills of scores of mariners, serving as teachers and role models, and has played a critical role in producing the mariners needed to support our country's economy and national security. I also want to thank the many alumni and friends who have worked alongside them on the ship to make the curriculum come to life through hands-on learning.

As many of you know, I recently announced my intention to retire next summer, and this will be the last Admiral's Dinner that my wife Kim and I host. I am thrilled and honored to have such a strong response from alumni and industry to tonight's dinner. Kim and I are grateful for the relationships we have built with many of you over the past nine years. Thank you for all you do to propel our students to become the next generation of maritime industry leaders.

Best wishes,

RADM Michael Alfultis, USMS, Ph.D.  
President

# SUNY Maritime Foundation, Inc.

Mr. Bruce S. Rosenblatt

## **Ex-Officio**

RADM Michael A. Alfultis

Mr. Douglas Hasbrouck

Ms. Roxanne Thompson

Dear Alumni, Friends and Supporters,

On behalf of the SUNY Maritime Foundation, it is our great pleasure to host the 2023 Admiral's Dinner as we also celebrate the 150th anniversary of our school's founding.

We are proud to be recognizing two strong corporate partners of Maritime, each represented by outstanding industry leaders – American Roll-on Roll-off Carriers, and Eric Ebeling, President and CEO, and TOTE Services, LLC, and Captain Jeff Dixon, President. Their partnership and investment in Maritime's future and our students is deeply appreciated.

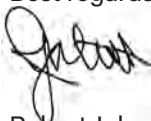

The 150th anniversary is also an important time to reflect and look back. As we welcome a new training ship we are pleased to honor and thank all of those who served on the Training Ship Empire State VI during her decades of service. Representing all who have served, we honor the ship's full-time Masters – Captain James DeSimone '73, Captain Scott James '79, Captain Joseph Ahlstrom '82, Captain Richard Smith '81, and Captain Morgan McManus '92.

On behalf of the Foundation's Board of Directors, we also want to express our deepest appreciation to RADM Michael Alfultis for his leadership of the College. Just weeks ago, he announced his intention to retire next summer, making this the final Admiral's Dinner he will host. Mike and his wife Kim have been steadfast in their advocacy for student support, and have even created their own endowed scholarship benefitting current and future generations of students. During the remainder of his term, we look forward to working closely with Mike on plans to help ensure the continued advancement of the College for many more years.

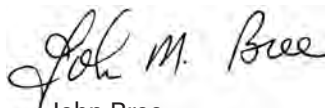

The Admiral's Dinner, being one of the Maritime Foundation's primary sources of student scholarships, impacts the lives of many students who rely on financial support to attend the Maritime College. The Foundation is an IRS-recognized charitable organization established to encourage and manage private donations to support the vision and mission of the College. The volunteer Board of Directors serves as fiduciary agents providing independent stewardship and oversight of all funds raised. Admiral Alfultis' service as an ex-officio member ensures that the Foundation is fully informed of the school's goals, challenges, needs, and opportunities.

We thank you for your generosity and hope you enjoy your time with friends and classmates!

Best regards,

Robert Johnston  
Chairman

John Bree  
Vice- Chairman

Dear Friends:

A warm welcome to all who have gathered for SUNY Maritime College's Sesquicentennial Admiral's Dinner. Your participation not only supports the college's important mission, but also pays tribute to the exceptional organizations and individuals being honored this evening.

For 150 years, SUNY Maritime has worked tirelessly to educate the next generation of dynamic leaders for the global maritime industry. Known for their core values of academic excellence, applied learning, student-centered focus, integrity, leadership, respect, and relevance; SUNY Maritime is continuously striving to be a college community where diversity is embraced and valued. As one of the nation's leading maritime schools, the college provides students with over one million dollars in scholarship assistance, making SUNY Maritime one of the most affordable colleges in the state. This is all possible because of the generous donations of alumni, faculty, staff, industry partners, corporations, as well as friends of the college.

Let me also take this opportunity to join you in congratulating this year's honorees: Tote Services, Inc. and its President, Mr. Jeff Dixon; American Roll-On Roll-Off Carrier and its President and CEO, Mr. Eric Ebeling, and Special Recognition for Past Masters of the Empire State VI. All of you can certainly take great pride in being recognized by this esteemed institution.

Once again, best wishes to SUNY Maritime and to everyone attending tonight's celebration. I am sure it will be a momentous occasion. I wish SUNY Maritime much continued success with its future endeavors.

Sincerely,

A handwritten signature in blue ink that reads "Letitia James".

SUNY Maritime College  
6 Pennyfield Avenue  
Bronx, NY 10465

Dear Friends:

I am delighted to congratulate you as you celebrate the 150<sup>th</sup> anniversary of the Admiral's Dinner. The scholarship funds raised at this event are especially important for those who are financially in need. As Chairwoman of the Senate Committee on Higher Education, I have toured your facility and met the amazing students, faculty, and administrators. In fact, I live on the Queens side of the East River across from the college and enjoyed watching the Empire State.

SUNY Maritime College students can be proud of the comprehensive education that they receive at the oldest and largest maritime college in the country. Above all, students learn by doing, where they gain personal and professional experiences by using a hands-on approach in their studies, extracurriculars, and job preparation.

I would like to congratulate the 2023 honorees: Tote Services, Inc. & Mr. Jeff Dixon (President), American Roll-On Roll-Off Carrier and Mr. Eric Edeling (President & CEO) and a special recognition to the Past Masters of the Empire State VI. These are exceptional leaders within the U.S. maritime industry.

I wish you every measure of success as you continue your good work now and in the future.

With all good wishes, I am,

Sincerely yours,

---

ANDREA STEWART-COUSINS

September 19, 2023

Dear Guests,

It is a privilege to welcome you to SUNY Maritime College's Sesquicentennial Admiral's Dinner and to congratulate SUNY Maritime College for 150 wonderful years. I would also like to extend my gratitude and congratulations to tonight's esteemed honorees for their service to the future of the maritime industry and community.

I commend SUNY Maritime College, the oldest and largest maritime college in the nation, for all it does to educate the future leaders of the global maritime industry. The college's work has created thousands of unique opportunities for our nation's future maritime leaders to succeed and build a better tomorrow.

I am pleased to join you in congratulating the 2023 honorees: ***Tote Services, Inc.*** and its president ***Captain Jeff Dixon***, as well as ***American Roll-On Roll-Off Carrier*** and its President and CEO, ***Mr. Eric Ebeling***. I would also like to give special recognition to the ***Past Masters of the Empire State VI***. We recognize these outstanding leaders within the U.S. maritime industry.

The funds for much-needed student scholarships raised at this year's dinner are more important than ever. Students receiving scholarships are able to better focus on their studies while forging a future of their own design. I thank each of the honorees, sponsors, committee members, and attendees for your investment in the mission and students of SUNY Maritime College.

Best Wishes,

Andrea Stewart-Cousins  
New York State Senator, 35<sup>th</sup> District

THE COUNCIL  
OF  
THE CITY OF NEW YORK  
**ADRIENNE E. ADAMS**  
SPEAKER

September 19, 2023

Dear Friends:

As the Speaker of the New York City Council, I am delighted to extend my personal greetings to everyone gathered for the State University of New York Maritime College's Sesquicentennial Admiral's Dinner -- ***Celebrating Our Past; Investing in Our Future!***

Since that date in 1874 when the USS St. Mary arrived in New York harbor, SUNY Maritime has played a pivotal role in advancing the careers of our future maritime leaders, while also furthering an industry that is critical to our nation's infrastructure and to economies around the world.

Now, as the oldest and largest maritime college in the nation looks ahead in our increasingly diverse society, I heartily applaud its work to build a more inclusive campus community.

By embracing diversity in all its forms, we can rest assured that SUNY Maritime will not only produce some of the most dynamic leaders for the global maritime industry, but also remain one of our leading maritime educational institutions.

So, thank you, SUNY Maritime, for your incredibly important work on behalf of the maritime community. On you 150 looks good!

Here's wishing you every measure of success in the years ahead whether onshore or at sea.

Congratulations as well to this year's honorees.

I hope everyone has a wonderful time tonight!

The collective impact of donors has the power to change students' lives.

**BECOME A DONOR TODAY TO MAKE A DIFFERENCE!**

## **SCHOLARSHIP AUCTION**

Scan The QR Code At Your Table or  
Raise A Paddle Card To Participate

### **ESTABLISH AN ENDOWED SCHOLARSHIP - Minimum \$25,000**

Leave a legacy in your company or loved one's name by endowing a scholarship that will be awarded yearly.

### **ESTABLISH A ONE-YEAR NAMED SCHOLARSHIP - Increments of \$5,000**

Honor a loved one or recognize your company while supporting the next generation of mariners by establishing a one-year named scholarship.

### **INDIVIDUAL DONATIONS TO ADMIRAL'S DINNER SCHOLARSHIP FUND**

Every dollar raised tonight goes directly to student scholarships.

Make an impact with your gift – all amounts welcome.

**SUPPORT THE NEXT GENERATION TODAY!**

## HONOREES

TOTE Services is a leading U.S.-based company specializing in vessel construction management, ship management, and technical consulting. They are a critical partner to enterprise organizations and the U.S. government, providing ship management services, crewing, and top-to-bottom technical consulting for everything from cargo ships to military vessels and beyond.

Since 2015, TOTE Services has overseen the construction and management of the world's first LNG-powered container ships, activated ships to support disaster relief, and managed many MARAD vessels. In 2019, they were selected by the U.S. Department of Transportation Maritime Administration (MARAD) to serve as Vessel Construction Manager of the National Security Multi-Mission Vessel (NSMV) program. This five-ship construction program is launching the nation's first fleet of purpose-built training ships for the State Maritime Academies.

Each NSMV will feature numerous instructional spaces, a training bridge, and space for 600 cadets to train in a first-rate academic environment at sea. In addition to being a state-of-the-art training platform, each ship features modern hospital facilities, a helicopter pad, and the ability to accommodate up to 1,000 people during humanitarian missions.

TOTE Services is a member of the Saltchuk family of companies.

## HONOREES

**TOTE Services, LLC**  
**Captain Jeff Dixon, *President***

As President of TOTE Services, LLC, Captain Jeff Dixon, leads a team that oversees a fleet of 27 vessels and 800 mariners, including the world's first LNG-fueled containerships, the nation's first LNG bunkering barge, and numerous Military Sealift Command (MSC) and U.S. Maritime Administration (MARAD) vessels operating around the world.

With almost 35 years in the maritime world, Dixon's experience is rich and diverse. He served 27 years of active duty with the U.S. Coast Guard and was Commander, Sector Jacksonville. Prior to being named President, Jeff was Vice President for TOTE Services Government and Commercial portfolio.

Dixon served as Vice Chair of the Maritime Sector Coordination Council and has held positions on the Board of Directors of both the National Cargo Bureau and United Seamen's Services. He is a graduate of the Coast Guard Academy in New London, CT, and holds a Bachelor of Science degree in Management and Economics and a Master's in Public Administration from the George Washington University in Washington, D.C.

## HONOREES

### *Leading US Flag RORO Shipping for 35 Years*

American Roll-On Roll-Off Carrier Group owns and operates the largest fleet of deep-sea roll-on roll-off (RORO) vessels in the U.S.-flag fleet. ARC is a leading voice in U.S. maritime policy and defense logistics issues, working with partners across maritime labor, Congress, U.S. Transportation Command, Maritime Administration, U.S. Coast Guard, and other like-minded stakeholders to ensure the viability of the American merchant marine and U.S.-flag fleet in international trade.

In 1990, ARC commenced its U.S.-Europe liner service starting with two ships, strengthening ARC's global reach, and paving the way for future collaborations and partnerships. During the 1990s, ARC played a vital role in carrying the preponderance of post-Cold War drawdown military cargoes, personal property, and U.S. Export-Import Bank reconstruction cargoes. In the late 1990s, ARC deepened its commitment to providing essential sealift and intermodal services to the U.S. Government through the new Maritime Security Program (MSP) and Voluntary Intermodal Sealift Agreement (VISA).

In the aftermath of 9/11, ARC expanded its service offerings with Mediterranean and Middle East charters, liner services, and multimodal services supporting Operations Enduring Freedom and Iraqi Freedom. ARC added four vessels to its U.S.-flag fleet in 2004-2005 and demonstrated unwavering commitment to assisting the Department of Defense in its mission with operational excellence and the ability to execute complex logistical operations in challenging security environments including multiple gateways to Iraq and service to Afghanistan via the PAK-GLOC, Northern Distribution Network, and sea-air multimodal services through various hubs in Europe and the Mideast.

ARC's dedication to maintaining a robust, modern RORO fleet was on display in 2016-2022 with the acquisition of seven replacement ships for MSP, bolstering operational capabilities and allowing for enhanced flexibility to meet customer demands. Following the Russian invasion of Crimea in 2014, ARC pivoted back to the European area of operations with new services across the region. In 2015, ARC played a pivotal role in supporting "Trident Juncture," the largest NATO exercise to that point in over 13 years. During 2022, ARC carried over 25,000 pieces of U.S. military equipment in support of allied exercises and reassurance initiatives, as well as significant aid and reconstruction cargoes to support Ukraine.

Spanning its 35 years of history, ARC has invested billions of dollars in a modern fleet of U.S.-flag RORO vessels. With a renewed fleet and expanding portfolio of logistics services, ARC is poised to continue transforming the landscape of U.S. Flag Shipping for years to come. ARC's U.S.-flag ship names reflect our dedication to American values: Commitment, Defender, Endurance, Independence, Integrity, Liberty, Patriot, and Resolve for the current fleet, and Courage, Freedom, and Honor for past ARC vessels.

## HONOREES

**American Roll-On Roll-Off Carrier**  
**Eric Ebeling, *President & CEO***

Eric P. Ebeling is President and Chief Executive Officer for American Roll-On Roll-Off Carrier (ARC) Group. His responsibilities include full P&L responsibility and oversight of strategy, commercial, operations, government relations and policy for ARC Group.

Mr. Ebeling, who joined the company in 2003, has held several positions within the group, including Chief Operating Officer; Vice President Sales & Marketing; Vice President and General Manager, Atlantic Trade; Director of Government Relations; General Manager Europe; and Operations Manager in the logistics group.

The United Seamen's Service awarded Mr. Ebeling the Admiral of the Ocean Sea (AOTOS) in 2022, the most prestigious award in the American maritime industry. In 2023, Mr. Ebeling was recognized as the honored guest and speaker by the Marine Society of the City of New York. In 2020, he received the Outstanding Friend of Seafarers award from the Seafarers International House and in 2017, he was awarded the Herb Brand Memorial Person of the Year Award by the Maritime Port Council of Greater New York/New Jersey for dedication to a strong and viable American Maritime Industry. Mr. Ebeling is also on the Board of Directors for the National Defense Transportation Association (NDTA).

Prior to joining ARC, Mr. Ebeling attended American University Washington College of Law (JD, 2001), American University School of International Service (MA, 2001), and Bowdoin College (AB, Government & English, 1998). In 2013, Mr. Ebeling completed the University of Chicago Booth School of Business Advanced Management Program (AMP). He is a member of the Maryland State Bar Association.

Mr. Ebeling resides in Ponte Vedra Beach, Florida with his wife Julia and their two daughters, Alexandra and Olivia.

## Building Strong Foundations for a Solid Future

Consigli Construction Co., Inc. | [consigli.com](http://consigli.com)  
Construction Managers & General Contractors

# DURABILITY AND PERFORMANCE

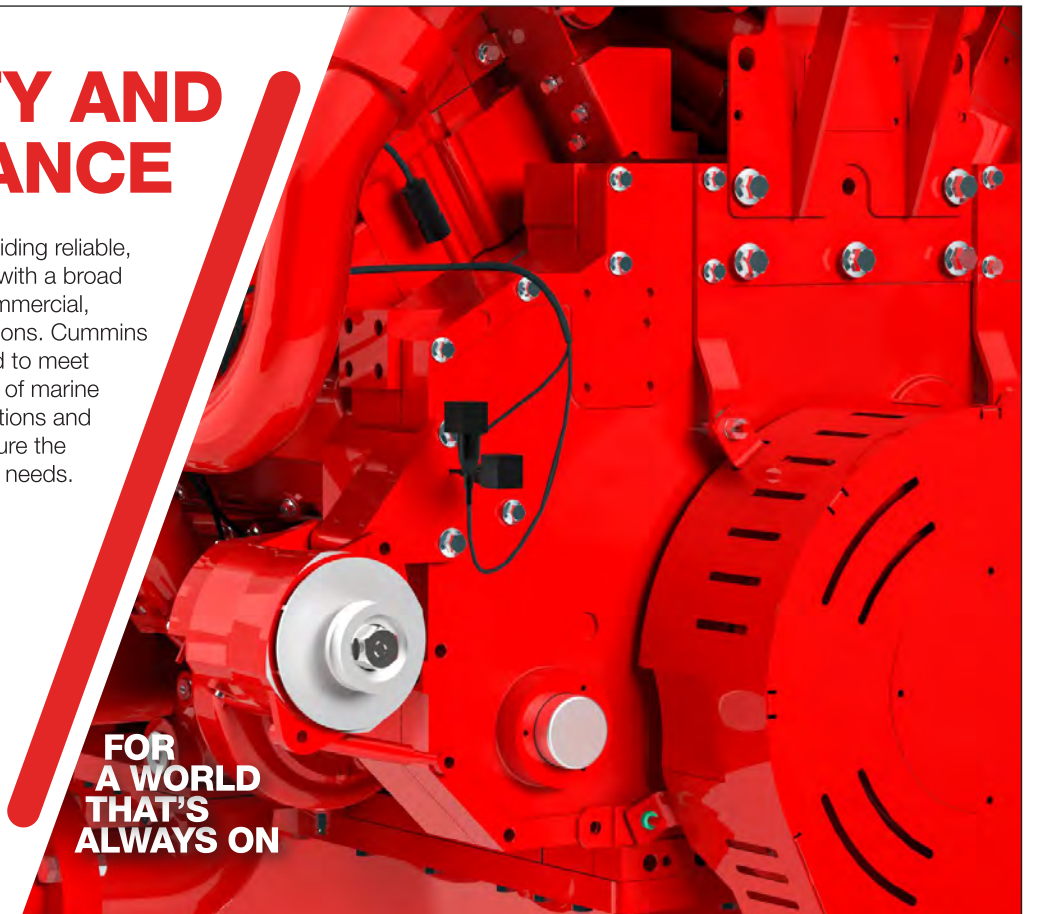

Cummins continues its legacy of providing reliable, durable diesels to the marine market with a broad range of power 5.9 to 95 liters for commercial, government and recreational applications. Cummins marine engines have been engineered to meet the durability and performance needs of marine applications and seawater cooling options and controls seamlessly integrated to ensure the propulsion for your vessel meets your needs.

**CUMMINS Sales and Service**

**FOR  
A WORLD  
THAT'S  
ALWAYS ON**

IMO Tier III and EPA Tier 4 certified.  
No SCR. No urea. No soot on deck.

## Simply Clean

Wabtec's medium speed marine diesel engines are certified to IMO Tier III and EPA Tier 4 emissions standards **without** requiring SCR and urea-based exhaust after-treatment.

- **Proven technology** - since 2016 over 1,200 engines in service with over 1 million running hours on marine engines
- **Easier** and **less expensive** to install
- Eliminates spacious provisions required for a SCR after-treatment system and urea storage, **preserving valuable accommodation, cargo and tank space**
- **Simple to operate** and **no additional operating expenses** from urea use, catalyst replacements and SCR component maintenance
- Developing **low/no carbon** fuel ready platform
- Improved **CII/EECI** with low fuel consumption and increased heat recovery.

**No urea. No kidding.**
